

Democrat Karl Rolvaag (right) takes over today as governor of Minnesota after a long recount battle in which he was declared the winner by 91 votes. Alone and admittedly disappointed, the retiring governor, Elmer L. Anderson, Republican, at left, walks down the steps of the Minnesota Capitol in St. Paul for the last time. (AP Wirephoto)

## Mackie Clashes With Romney On Constitution Poll

DETROIT (AP) — Gov. George Romney says Highway Commissioner John C. Mackie has polled a number of bond houses on whether the proposed state constitution would result in higher interest rates on bonds.

The governor made the statement Saturday night in a speech to Hamtramck Romney Volunteers.

The Democratic commissioner, who is campaigning against the document, responded with a bristling attack on the Republican governor.

"It's a lie," declared Mackie. "It's typical of his misrepresentations. He took one paragraph out of context. I resent the implication that I was 'polling' the bond houses. I asked three bond houses what effect, if any, the proposed constitution might have."

"The very letter he quotes from supported my conviction that one provision of the constitution, which waters down the earmarking and gas-and-weight revenues for highway purposes, would have an adverse effect on the rates."

"Another bond house said it was too speculative a question to comment on. The third hasn't answered."

In criticizing Mackie's attack on the proposed constitution, Romney said:

"Just last week, one of the regular drivers in the constitutional wrecking team, climbed on his bulldozer and revved up the engine for another pass at the document."

"This driver, who heads up the state's road building department when he is not attacking the constitution, dashed off a letter to several bonding houses asking them to help the hard-pressed wreckers."

## Weather

Data by Weather Bureau, Escanaba and Associated Press

UPPER MICHIGAN: Mostly cloudy with chance of some light rain tonight, possibly becoming mixed with some snow late tonight, followed by gradual clearing on Tuesday; not much change in temperatures; lows tonight 25° to 35°; highs Tuesday 36° to 44°.

Outlook for Wednesday: Fair with rising temperature trend.

ESCANABA AND VICINITY: Considerable cloudiness with chance of a little light rain tonight, possibly becoming mixed with snow flurries late tonight; followed by clearing Tuesday; not important change in temperatures; low tonight around 28°; high Tuesday near 42°. Mostly north to northeast winds 10 to 20 mph tonight, diminishing by Monday afternoon.

TEMPERATURE  
Yesterday at noon 38°  
Today at noon 42°

## Democrat Waits 4 Months To Be Gopher Governor

ST. PAUL, Minn. (AP)—Democrat Karl Fritjof Rolvaag is to take over today as the 31st governor of Minnesota, a somewhat bittersweet reward for persistence.

The four-year term to which he aspired in the election last Nov. 6 has shrunk to three years and nine months. Not until last Saturday did Republican Gov. Elmer L. Anderson concede defeat.

During the long weeks of a recount, Rolvaag sat in a drab basement office in the state Capitol. Upstairs, the Republican-dominated Legislature enacted laws and confirmed appointments by Anderson.

Many state departments are headed by Republicans. Only two key appointments are open to Rolvaag. A few department heads have indicated a willingness to resign. Others have said they don't intend to budge.

Rolvaag has told advisers he will demand the resignations of Tax Commissioner Rolland F. Hatfield and Highway Commissioner James C. Marshall, Anderson appointees.

The Senate recently confirmed reappointment of Hatfield for a six-year term. Before his confirmation, he told a legislative committee he would not resign even if Rolvaag became governor and asked him to quit.

Marshall, a frequent target of Rolvaag criticism, is serving a four-year term that expires in April 1965. A retired Army general, Marshall has said he intends to complete his term.

Anderson has made many appointments, mostly of a minor nature — such as pharmacists and barbers named to state boards governing their professions.

Hatfield and three other major appointments have been confirmed by the Senate. They are William Joyce, liquor control commissioner; Lawrence McCabe, aeronautics commissioner, and Gerald

Bryan, banking commissioner. To force these men to resign, Rolvaag would have to prove malfeasance or nonfeasance.

Rolvaag has told associates he intends to be cooperative and conciliatory with Republicans in state office and the legislature. His middle name, Fritjof, translates from Norwegian as "Peacemaker."

Minnesota legislators are elected on a nonpartisan ballot but those caucusing as Conservatives generally are Republicans; Liberals are Democrats. Conservatives control both houses of the legislature.

Rolvaag, 49, said he doesn't fear working with a Republican-dominated legislature. As lieutenant governor from 1954 until the end of 1962, he presided over the conservative Senate.

## Nuclear Check Limit Proposed

GENEVA (AP) — The United States proposed today that each on-site inspection to police a nuclear test ban be limited to a maximum of six weeks.

U.S. Ambassador Charles C. Stelle told the 17-nation disarmament conference the inspection could be extended if necessary by mutual agreement between the inspectors and the host country.

Stelle submitted further details of the American inspection proposals he introduced earlier this month.

He called on Soviet Ambassador Semyon K. Tsarapkin again to make some kind of response to the American proposals. "Tsarapkin has refused consistently to enter into any discussion of inspection procedures unless the Western powers first commit themselves to a maximum of three on-site inspections per year."

The United States and Britain have rejected repeatedly the demand.

Stelle said every on-site inspection would include low-level helicopter flights throughout the inspected area. The inspectors would examine the area visually and photographically for any evidence of a nuclear test. In addition, they would have ground access to any part of the area and would be admitted to any underground cavity such as mines to look for evidence of a test.

The host country could accompany the team at all times.

## Lansing Man Dies Seeking Help For His Car In Ditch

OVID (AP) — Alex Butterwick, 46, of Lansing, died on the rear porch of a farm home outside Ovid Sunday shortly after his car had run into a Clinton County ditch.

An autopsy showed he died of acute pneumonia.

Farmer Charles Bracey, who lives about four miles south of Ovid, told Ovid police a man knocked on his front door, asking assistance in getting his car out of a ditch and said that while he (Bracey) was dressing the man had staggered to the back door and begun knocking there.

Bracey asked police to come and investigate.

When Ovid officers arrived they found Butterwick lying dead on the back porch of the Bracey home.

## House Debates \$10,506 Boost For Lawmakers

WASHINGTON (AP) — In 1914, when Carl Vinson, a 31-year-old Democrat from Georgia, came to Congress for the first time, his entire staff was made up of one secretary, paid \$125 a month. The law allowed him and all other congressmen no more.

Today Vinson has four members on his staff. The average representative is allowed to hire up to nine at an overall cost of \$4,000 a month. The average senator usually hires more. And so may the congressional committees.

In a rush to keep pace with the onslaught of modern pressures, Congress has created its own private bureaucracy that now numbers more than 7,000 people and costs more than \$50 million a year.

**Bureaucracy Criticized**  
There's a chance it soon will get bigger and costlier.

This week the House will debate a proposal, approved by its Administration Committee, to increase the office expenses of each congressman by \$10,506 a year so he can add still another employee to his payroll.

The huge bureaucracy on Capitol Hill has provoked criticism, particularly from Sen. Allen J. Ellender, D-La., who leads a futile fight each year to wipe out a good number of the Senate's subcommittee staffs.

"Many of these subcommittees are useless," Ellender said in an interview. "All they do is create jobs, monopolize space, and glorify senators. And like old soldiers, the subcommittees never die."

Ellender pointed out that the Senate Judiciary Committee has 15 regular staff members while its 14 subcommittees have 150 staff members.

A sturdy defense of big congressional staffs comes from Dr. George B. Galloway, senior specialist in American government for the Library of Congress and former staff director of the Senate-House committee that conducted hearings on the reorganization of Congress in 1946.

**Problems More Complex**

"The increase in staff is one of the most favorable developments in Congress," Galloway said in an interview. "It is a third force that provides Congress with information and intelligence to counteract the interested opinions that come to Congress from interested parties on the one hand and from the executive department on the other."

In Galloway's view, the cause of most of the mushrooming is quite simple: The problems of Congress today are far different and far more complex than the problems of Congress when Carl Vinson was a freshman.

Vinson, dean of the House today with almost 50 years service, recalls that "Congress didn't have the work then that it has now."

"We were concerned with just three issues: tariffs, a few agriculture bills, the prosecution of World War I," he told a newsman.

"Since then—" Vinson stopped, smiled, and with a swift rotation of his hand, acted out the acceleration.

## Plane Lost Feb. 4 Sighted In Yukon

WATSON LAKE, Yukon Territory (AP)—A Canadian pilot has reported sighting a downed plane believed to be an aircraft missing since Feb. 4 with two Americans aboard on a flight over the Yukon.

Chuck Hamilton, piloting a B.C. Yukon Flying Services plane, said he saw two persons, one apparently a woman, near the plane on the slope of a 4,000-foot mountain about 75 miles southeast of Watson Lake, near the British Columbia border.

The missing plane, a single-engine Howard aircraft, was carrying pilot Ralph Flores of San

## Whistler's Mother Leaving Atlanta

ATLANTA (AP) — Whistler's Mother and the Penitent St. Mary Magdalene, paintings loaned to Atlanta by the French government, were displayed here for the last time Sunday.

Dr. W. B. Bryan, director of the Atlanta Art Association, said about 118,000 persons viewed the masterpieces during their five-week stay.

A curator from the Louvre in Paris is to supervise packing of the paintings for their homeward journey to France early this week.

# Congress May Slash Foreign Aid By Billion

## Police Sergeant Shot Dead By Detroit Driver

DETROIT (AP) — Police sought a murder warrant today against George E. Colby Jr., 22, who they said admitted shooting to death a police sergeant who stopped him on the Ford Expressway for reckless driving.

Sgt. Selwyn Adams, 46, was slain with his own revolver Saturday night.

He was the second Detroit police sergeant to lose his life in line of duty within a month. Sgt. Stanley Sech was killed Feb. 24 by a shotgun blast when he answered a family trouble call.

Adams spotted Colby's car speeding on the expressway and pursued him in a marked police car. When Colby left the freeway, Adams cut him off at the top of the ramp.

Witnesses gave this account of the shooting:

Adams removed the keys from Colby's car at gunpoint and told him to get out of the car. The officer then holstered his gun.

Colby left the car, threw Adams off balance and grabbed his gun. Then he fired one shot into Adams' abdomen.

The officer slumped to a sitting position and pleaded for his life. Colby fired two more shots. One punctured the heart.

Colby surrendered at the apartment of a friend two hours later. A witness had taken his license number.

## Early Pay Talks Sought By UAW

DETROIT (AP) — The United Auto Workers Union says it would like to get an early start on the 1964 round of new contract negotiations by setting up joint management - study committees at each major firm this year.

UAW President Walter P. Reuther made the proposal in letters Saturday to heads of the auto and agricultural equipment companies.

Reuther proposed the auto companies and the union set up preparatory committees by July 1 this year. He suggested that committees prepare for talks with the farm equipment firms by Aug. 1.

The proposal went to presidents of General Motors, Ford, Chrysler, American Motors, International Harvester, Allis-Chalmers and John Deere.

GM's vice president for personnel, Louis G. Seaton, said, "We're studying it."

There was no immediate comment from the other firms.

## Engravers Delay End Of New York Newspaper Tieup

NEW YORK (AP) — Striking printers have ratified a new contract with New York's eight closed daily newspapers. But the last of four striking unions, the photoengravers, continued to hold out today for a better work pact, delaying an immediate resumption of publication.

As things stood today, the 108th day of the newspaper shutdown: Photoengravers were to meet again with publishers to try to come to terms on an agreement that would remove the last stumbling block in the way of publication.

Even if photoengraver union negotiators reached contract accord today, indications were that the eight major dailies couldn't get back on the streets until time to print Tuesday editions, or more likely Wednesday's.

The other nine newspaper unions continued to refuse to cross the photoengravers' picket lines at four struck dailies. The other five major papers closed voluntarily when the printers began the strike against the four dailies last Dec. 8.

Striking printers have ratified by a 779-vote majority the same settlement they rejected by 64 votes a week earlier. Their new contract gives them a \$12.63 package over two years—a \$6.51 increase in wages and fringe benefits the first year, and a \$6.12 increase the second.

The striking mailers union—like the printers, an affiliate of the International Typographical Union—also has ratified a new work pact with terms similar to those accepted by printers. The mailers thus ended the strike which they began Jan. 9.

The stereotypers union, which joined the strike March 5, came to terms earlier and ratified a new contract March 17.

All but two of the six non-striking newspaper unions have reached firm or tentative settlements. The machinists and electricians unions have announced will-

ingness to return to work while their peace talks continue.

Publishers estimate the total loss to the economy as a result of the newspaper blackout at more than \$200 million.

In Cleveland, Ohio, where the two daily newspapers have been blacked out for 116 days, a quick end to strikes against the Plain Dealer and the Press & News was not in sight. Striking printers appeared to present one of the last big blocks to settlement.

## Balinese Pray To Volcano Gods

KLUNGKUNG, Bali (AP) — Pious Balinese flocked to the white beaches here today to cleanse themselves of the sins they fear may have angered the gods of the Agung volcano, which erupted last week, killing almost 1,500 persons.

They carried small house temples and the Hindu trinity to the shore and offered sacrifices. Then they entered the South Pacific to wash away their sins.

The cleansing festival takes place every 100 years. The volcano erupted in the middle of it, increasing the fervor of devotees who believe that natural disasters will occur if they fail to purify themselves.

There were more than 200 injured and 65,000 left homeless in the disaster area. Once lush and green, it now is a vast desert of ash and mud.

The official death toll was 1,478. It is feared this will rise when buried villages are excavated.

This seaside village has become one of the most important rescue centers. Military units, police, Red Cross and government officials face a gigantic task in providing food and shelter.

## School To Reject Busload Of Boys

DETROIT (AP) — A judge who has accused Gov. George Romney of spending too little state money for rehabilitating juvenile delinquents today shipped a busload of 20 youthful offenders to the state.

Wayne County Juvenile Judge James Lincoln gave the go-ahead despite repeated warnings from state officials the boys will be refused admittance to the Boys Training Branch at Whitmore Lake because of lack of space.

Lincoln said Sunday that if the boys are turned back he will release them because he has no place to put them.

"These are not just truants," Lincoln said. "They are aggressively delinquent and they know they're going to be released. Case-hardened delinquents know from experience that there is no institutional space for them in the state."

Lincoln first announced his plan of dumping busloads of delinquents on the state March 13 after a youth was charged with slaying a school teacher in Wyandotte. He said the boy couldn't be sent to the state training school earlier because of lack of space.

Lincoln criticized Gov. George Romney for cutting a proposed \$3.8 million addition to the Whitmore Lake facility to \$1.5 million.

## Kennedy Request First Target Of Budget-Cutters

WASHINGTON (AP)—Presented with a presidential committee recommendation to tighten up the foreign aid program, Congress appears likely to respond by pulling in the purse strings to the extent of about \$1 billion.

The signs on Capitol Hill indicate the program will be the main target of efforts to trim President Kennedy's \$98.8-billion budget.

Kennedy has asked for \$4.9 billion in foreign aid for the year beginning July 1—\$1 billion more than this year. Kennedy, however, is expected to send a message to Congress this week cutting back his aid request by \$200 million or more.

But one high official remarked that the administration will be lucky to escape with a reduction of no more than \$1 billion.

In a hard-hitting report, the presidential committee—made up of 10 private citizens headed by Gen. Lucius Clay—told Kennedy the program was too big—trying to do "too much for too many."

The report, made public Saturday evening, found that this year's \$3.9-billion foreign aid program was overweight by half a billion dollars when weighed on the scales of the tougher new standards it was recommending.

This led to some interpretations that since the new foreign aid request is \$1 billion higher than this year's program, the Clay committee was recommending it be chopped by \$1.5 billion.

But William T. Dentzler, executive director of the Clay committee, said Sunday night this was not so.

**Meany Dissents**  
The committee, he said, was speaking of only this year's program, ending June 30, and not next year's. Also, he said, the report listed several new projects which it thought should be added.

The committee did not propose any immediate specific cuts. It urged, though, graduated future reductions, tightening of assistance criteria and reassessment of administration procedures and personnel.

These steps, it contended, were necessary to strengthen the program which the committee felt was essential to security of the United States and the non-Communist world.

The only committee member to dissent was AFL-CIO President George Meany. He said aid funds should be substantially increased. He complained the report might be disastrously used by critics of foreign aid.

Without reference to proposed reductions, Kennedy said in a statement that the report was very heartening because of the committee's "expression of support for properly administered mutual defense and development programs."

## Wide Search Fails To Turn Up Clue On Missing Boy, 12

DETROIT (AP) — Police and law enforcement officers in more than 24 cities met with no success Sunday as they checked out leads in the disappearance of a 12-year-old Bloomfield Township boy.

Police said telephone tips poured into Detroit and its suburbs and Mount Clemens, Lapeer, Flint, Saginaw and Bay City concerning Robert Grinnan who disappeared Friday.

Bloomfield Township Police Chief Norman Dehnke said the foot search, which covered 20 square miles, was called off Sunday and probably would not be resumed.

Dehnke said, "We have yet to uncover one substantial clue in the case."

## Military Junta In Korea Rejects Peace Talk Offer

SEOUL, South Korea (AP) — South Korea's ruling military junta rejected a bid today by anti-government politicians for preliminary peace talks.

The junta chief, Gen. Chung Hee Park, turned down the proposal as unnecessary.

Ten opposition leaders, including former president Yun Pos-shun and former Premier Huh Chung, proposed the preliminary talks to clarify the nature of a meeting Wednesday, proposed by the junta.

Offer of preliminary talks was taken as an admission that they do not possess the strength to topple the military regime.

## Traffic Accidents Take Lives Of 7

By The Associated Press  
State police report at least seven persons died over the weekend in traffic accidents on Michigan highways — including a Dundee couple found dead in the wreckage of their car in a ditch in Monroe County.

In addition, an 8-year-old Marshall boy died in a fire which destroyed his home.

## Family Robbed In Battle Creek

BATTLE CREEK (AP) — A masked burglar bound and gagged four members of a Battle Creek family today and held them for almost 30 minutes before fleeing with more than \$3,500 in cash and jewelry.

Police said the bandit entered the home of David Frazer about 2:45 a.m. after the family had retired for the night. Frazer is president of Battle Creek Gas Co.

Frazer awoke to find a man armed with a knife standing over him. The man—who wore a pillow case over his head with two slits cut for eye holes told Frazer: "This is a stickup. Keep quiet and you won't get hurt."

The burglar took Frazer upstairs where he awoke Frazer's wife, Alice, their daughter, also named Alice, and their daughter-in-law, Mrs. Marilyn Frazer. He then proceeded to tie them.

The burglar took Frazer downstairs where he bounded and gagged him. Frazer managed to free himself and called the Battle Creek State Police post on a kitchen telephone. He then went upstairs where he told the burglar he had called police and warned the burglar to get out.

The burglar scuffled with Frazer, cutting him on the hand, and fled through a downstairs window.

## TODAY'S CHUCKLE

Sleep is something that always assumes much more importance the morning after than it did the night before.

# Fat Lady Fast In Hotel Room; Shrinks To 232

**EDITORS NOTE** — When admittedly fat Mary Ferguson moved into a hotel room to get away from the temptations of her own cooking, she caught the imagination of millions. Here is her story of her continuing fast, written exclusively for The Associated Press.

By MARY FERGUSON  
LONG BEACH, Calif. (AP) — Seven days have gone by — 168 hours without food — and I'm feeling like a rose blooming on a dewy vine.

Sounds kind of corny, I know — but it's true. I've lost 12 pounds and I am down to 232.

I'm 3 1/2 inches smaller around the hips, 2 smaller around the waist and 4 smaller around the bust.

It's hard to guess just yet how much I'll lose between now and next Sunday, when my self-imposed fast is over. My doctor says I will average about two pounds a day, but I'm hoping for more.

I promised myself and my husband that I would fast for two weeks, locked up here in my hotel room, but everything is going so well I think I'll keep it up even after I go home.

**Goal Is 128**  
What I really want to do is get down to 128 pounds, which would be just right for my 5-foot-2 height.

My husband calls me at least twice every day, and when I told him my new measurements—55 1/2 hips, 44 waist and 49 bust—he said: "Honey, that's wonderful. Keep it up. I know you can, and I love you."

He's a wonderful man. Slender, not like me, and with white hair at 45 he's very distinguished-looking. I started this fast because I

wanted a new dress for Easter. I want to be down to at least a size 20 1/2. That way I can find something with a little color in it, not those drab blacks that you get in size 24 1/2.

I know I'll get a new dress now — my husband Arthur has already promised it to me.

The doctor told me the first 48 hours would be the hardest, that after that my stomach would shrink and there wouldn't be any hunger pangs.

**Bouillon Only Food**  
I've found, however, that it is rough for the first 72 hours.

All I have had is coffee, tea and bouillon. I have coffee at 8 a.m. with no cream or sugar, just a little saccharine. Then iced tea at noon and coffee again at 4 p.m. The closest thing to food I have is bouillon, at 7 p.m.

My worst time of all came with the bouillon, last Tuesday night. The waiter who brought up my tray made a mistake—there was a big plate of crackers on it.

"That's not my tray," I told him. "Get it out of here. Get it out of here."

Somehow, I guess it was association. I had a craving for cheese to go with the crackers I didn't have. I had visions of all kinds of cheeses, American and Swiss, in great big chunks.

On Wednesday I awoke and felt terribly depressed.

For about an hour I felt I couldn't go on any longer. It was the worst feeling I've had since I came here. But I immediately prayed to St. Jude — the patron saint of those who try the impossible — and I said my Rosary. After that I began to feel a little better.

**Hunger Comes Back**

Later in the morning the hunger came back. For a minute I felt like I was leaving this world completely, but I got up and chewed a stick of gum and felt better immediately.

I guess I've crammed my system with so much sweet stuff for years and years now that when it's not getting anything sweet it balks a little bit. I guess the little sugar I chewed out of the gum came to its rescue.

Since then I have found that eat-

## Cancer Crusade Opens In Delta

The Delta County Cancer Crusade opened today with volunteers beginning their solicitation in Ford River Township and other townships and communities to follow. It is reported by Burton Butler, president of the Delta County Cancer Society.

The goal for the 1963 Cancer Crusade is \$6,798. Last year the contributions went over the county's goal of \$5,200.

Contributions to the Cancer Crusade provide funds to finance the American Cancer Society and its program of research to discover a cure for cancer; and to provide for a program of education to detect cancer in its early stages; and to provide service to cancer patients.

The Ford River campaign is headed by Mrs. Walter Mokszyce, assisted by Mesdames John McMahon, Ralph Krause, Elmer Stenberg, Edwin Carlson, Dan Wellman, Lawrence Beauchamp, Harvey Beauchamp, Paul Corcoran and Edward LaCarte.

In Gladstone the Crusade volunteers are scheduled to begin their calls on Monday, April 1; and in Escanaba on April 17.

## Mrs. Romney Will Sneak On Friday

Mrs. Lenore Romney, wife of the Governor, will make an eleventh hour visit to the Upper Peninsula Friday to boost the GOP statewide ticket and plug the adoption of the new constitution.

The state's first lady, accompanied by Mrs. Elly Peterson, Republican state vice-chairman, is scheduled to arrive in Marquette in the afternoon to participate in a TV program and speak at a dinner in Ishpeming at 6:30 p.m. in L. L. Phelps School.

The show will be televised at 5:45 to 6 p.m. by Channel 6.

ing really isn't so terribly necessary. It's really a very bad habit we acquire to compensate for our feelings of inadequacy.

I feel calmer now than I have for months. Fasting seems to bring a wonderful tranquility. I honestly believe I'm having such an easy time of it because God is with me.

Some of the nicest people have written me—more than 100 letters. I'm going to answer every one of them, too.

## Centennial Plans Longest Parade In Local History

The Centennial Parade Committee today announced that entries in the parade to be held at 11 a.m. Saturday, July 6 are welcome and that rules have been set up for the orderly organization of the big march. The parade, says William Meiers, publicity chairman of the parade organization, is expected to be the largest in the history of the community.

Clarifying parade entry rules, Meiers said "It's been said that only commercial floats will be allowed. This isn't true. Any person, organization, manufacturing or business concern wishing to enter a float will be welcome.

"Some of the rules governing entries follow: No decorated cars or truck will be entered unless such vehicles are completely covered with floral sheeting or a similar material to qualify as a float.

"Under the classification of historical vehicles, entries should have been commonplace a long time ago, like buggies, antique autos, covered wagons, etc. Anyone planning to enter a historical vehicle is requested to phone the Chamber of Commerce as soon as possible. We have the prospect of a half dozen covered wagons and we'd like to avoid duplications so each entry will be unique and get a full share of attention.

"A phone call to the Chamber to register the vehicle will enable us to organize the parade and limit numbers, if necessary. Sponsors of floats are also asked to phone the Chamber to register their entry.

"The M&M Display Service has been retained by the Parade Committee to make the floats. It was chosen from several firms interviewed because its prices were most reasonable. A float can be rented from this firm for the price of the decorating materials only, including the wagon on which it is built. This company has an unlimited supply of wagons available for float construction.

"A representative of the M&M Display Service will be in Escanaba one day a week for some time in advance of the Centennial parade. He may be contacted through the Chamber and will counsel on float plans free for all, including those who want to make their own floats.

"Float making," said Meiers "is a specialty trade and the M&M Service is able to provide floats at a lower price than they could be built locally."

## Decision Frees NAACP Leader

WASHINGTON (AP) — The Supreme Court overturned today the contempt conviction of Theodore R. Gibson, onetime head of the Miami, Fla., branch of the National Association for the Advancement of Colored People.

Gibson was convicted for refusing to produce a list of association members for a hearing by a committee of the Florida Legislature. He was sentenced to six months and fined \$1,200.

Justice Goldberg delivered the high court's 5-4 decision throwing out the conviction.

Justice Harlan dissented with an opinion in which Justices Stewart, Clark and White joined.

In the 1959 hearing, the Florida legislative committee was looking into possible Communist infiltration of NAACP.

An investigator for the committee named 14 persons as members of the Communist party and said they had taken part in NAACP affairs.

Gibson then was asked to take the Miami membership list to a committee hearing, refer to it, and state if any of the 14 were NAACP members. He was told he would not be required to submit the entire list in evidence, where it would be open to public inspection.

Gibson based his refusal on the Constitution's guarantee of freedom of association.

Goldberg's majority opinion for the Supreme Court said that the Florida committee did not have sufficient justification for including the Miami branch of NAACP in its investigation.

Goldberg, in a 19-page opinion, gave a lengthy summary of the evidence in the case and said it disclosed "the utter failure to demonstrate the existence of any substantial relationship between the NAACP and subversive or Communist activity."

**Briefly Told**  
The 4th Degree Knights of Columbus will hold a regular meeting Tuesday at 8 p.m. in the clubrooms. Rev. Stephen Mayrand will give a short talk. Sunday, March 31, corporate communion will be held at St. Joseph's Church at the 8 a.m. Mass. Knights are asked to come in full dress and meet in the school clubrooms at 7:30. Breakfast will be served.

Mr. and Mrs. Arvid Mustonen and son, Arvid Jr., 1405 S. 14th St., are in New York for a three-day conference of State Farm Insurance men from District of Columbia, three Canadian provinces and 17 states. The conference, which honored outstanding State Farm representatives, began March 21 and was attended by 2800 agents and wives.

Traffic court summons have been issued by Escanaba police to Otto R. Kurth, Escanaba Rte. 1, failing to stop and identify after a property damage accident; Bernardine Irene Mitchell, 1010 7th Ave. S., failing to yield the right of way; William R. Slaga, Escanaba Rte. 1, failing to exercise due care and caution; Norman J. Chénier, 824 Sheridan Road, defective head lights; Jacob E. Obenauer, Gwinn, improper starting; Louis W. Elsacker, Northland, defective muffler and no operator's license on person; Thomas W. Jensen, Bark River Rte. 1, following too closely; James F. Kobasic, 607 S. 13th St., defective tail light; Louis W. Skoglund, Gladstone Rte. 1, James G. Ward III, 624 Lake Shore Drive, Harvey P. Gendreau, 129 1st Ave. S., and Charles G. Hoyer, Hancock, all for speeding; and Theodore F. Kessler, 510 S. 8th St., defective tail lights.

Workmen weave a web of steel from a temporary mesh walkway 690 feet up, as work begins on cables for the Verrazano Narrows bridge between Brooklyn and Staten Island. The \$325 million structure is to be the world's longest suspended-span bridge, with a center span stretching 4,260 feet.

## Birdsong, Warmth Usher In Spring

Spring came to the Escanaba Area officially on Thursday, but delayed the seasons fixings of its arrival until Saturday and then poured on the spring warmth and birdsong in full panoply on Sunday.

The highest temperature in Escanaba was 40 degrees, but inland away from the Bay de Noc ice sheet the temperature rose to 58 degrees and higher.

Other high readings for Sunday: Park Falls, Wis., 64; Green Bay 57; Milwaukee, 67; LaCrosse, Wis., 71; downtown Marquette, 63; Sault Ste. Marie, 51; Alpena, 66; Detroit 72.

Snow last night included: Wausau, Wis., and Escanaba 30; Alpena and Park Falls, 29.

With northerly winds blowing today temperatures in the area were to be cooler generally but not in Escanaba, which was to have a high of 45 degrees or higher. Inland it was to be cooler.

Signs of spring included announcement that the Escanaba

## Diseases Killed By Plane Sprays, Russians Claim

LOS ANGELES (AP)—A California civil defense official says the Soviet Union has a vaccine against four diseases which can be sprayed by airplane to protect large populations.

Dr. Cecil O. Coggins told a medical convention Saturday the vaccine is effective protection against what Russians believe to be the main diseases in the United States secret biological warfare program.

He said the immunity would come from breathing a spray containing the germs of the diseases. He declined to tell newsmen the names of the diseases or where he got his information.

Dr. Coggins formerly was chief of U.S. chemical and biological warfare in Europe. He is now medical director of the California disaster office.

the NAACP and subversive or Communist activity."

## Perkins

Royal Neighbors will meet Tuesday afternoon at the home of Mrs. Eldon Sharkey.

## Word Of Death

Mr. and Mrs. William Krouth have received word of the death, in Green Bay, of Andrew Lom. Mr. Lom was the husband of the former Eva Krouth and was well known in this vicinity. He was sheriff in the Green Bay area for many years and he also was a former pugilist.

Mrs. Julie Cafmeyer is a medical patient at St. Francis Hospital, Escanaba.

Shirley VanDamme, daughter of Mr. and Mrs. Valere Van Damme has been dismissed from St. Francis Hospital.

## WOMEN PAST 21 WITH BLADDER IRRITATION

After 21, common kidney or bladder irritations affect twice as many women as men and may make you tense and nervous from too frequent, burning or itching urination both day and night. Secondly, you may lose sleep and suffer from headaches, backache and feel old, tired, depressed. In such irritation, OXYTEX usually brings fast, relaxing comfort by curbing irritating germs in strong, acid urine and by analgesic pain relief. Get OXYTEX at drugists. Feel better fast.

## Tourists Warned To Avoid Swiss Typhoid Region

ZERMATT, Switzerland (AP)—Tourists were warned to shun this world-famous skiing resort today as a typhoid epidemic claimed its second victim. The warning was the nearest thing to a quarantine possible under Swiss law.

Stricken persons were evacuated by helicopter to hospitals in the valley. An army medical detachment continued blood tests of nearly 2,500 persons.

About 300 persons were understood to be affected by the disease, believed brought here by an Italian construction worker.

Rheinhard W. Harms, left, meteorologist in charge of the Milwaukee Weather Bureau, presents a 45 year service pin to S. E. Decker, meteorologist in charge of the Escanaba Weather Bureau, at ceremonies in the Chamber of Commerce building Saturday honoring Decker for his long government service and for his civic services to the Escanaba Area. Mrs. Decker was presented with flowers. (Daily Press Photo)

## Weather Bureau Honors Decker

Sylvester E. (Jack) Decker, the meteorologist of the U.S. Weather Bureau in Escanaba for more than 10 years, was honored at a public ceremony in the Chamber of Commerce building Saturday afternoon for 45 years of service to the Weather Bureau.

Rheinhard W. Harms, meteorologist in charge of the Milwaukee Weather Bureau, presented Decker with a 45-year service pin. Mayor Harold Vanlerberghe presented him with a certificate from the City of Escanaba honoring him for civic service, and his fellow members of the Bay de Noc Barbershop Chorus under direction of Paul Cowen serenaded him. Mrs. Decker was given flowers.

Herbert H. Bomalaski, in charge of the Green Bay Weather Bureau, said that he was born in Siberia, Ind., not far from Evansville, where Decker was born. There were so many Deckers in Indiana that there is a community of Decker there and the Evansville phone book listed 5 Joe Deckers at one time, one of them Jack Decker's father, and one his brother.

Also honoring Decker was Fred Mueller, Marquette meteorologist, Rev. Fr. Farrell Byers, O.F.M., Brother Nicholas of the Christian

Brothers, and Walter Lewke, manager of the Chamber of Commerce. Jean Worth was master of ceremonies.

Decker in response to commendations for his fine service to the area in the second longest service of any Weather Bureau official here, said the station was opened by Cpl. John N. Martin of the U. S. Army Signal Corps on May 24, 1871 in a room in the Tilden House, as an "observatory." He left Sept. 12, 1872 and was succeeded by Sgt. Robert J. Bell. The station was closed from 1888 to November, 1898, when it was reopened by George B. Wurtz, who had started his weather service as a Signal Corps man. In 1893 the Weather Bureau was created as an agency of the Department of Agriculture to take over weather reporting from the Army, and in 1938 it was transferred to the Department of Commerce.

Wurtz left Escanaba in 1904 and was succeeded until 1907 by W. P. Stewart, later in charge at Milwaukee. Serving successively were E. H. Brown, Harvey S. Cole, Vincent E. Jakl, who later was in charge of the Chicago Region office; Harvey H. Spindler, who served longest of any officer, from 1914 to 1935; W. G. Lathrop, Henry E. Hathaway and Decker. Decker's service here started in April, 1951.

## Hospital

Patients admitted to St. Francis Hospital over the past week-end included: Carrie Durham, Green Bay; Carrie LaCrosse, Brampton; Mrs. Marvel Goodman, 942 Sheridan Rd.; Ronald Hawley, Trenary; Mrs. Alma Vanderlinden, 1320 Lake Shore Dr., Gladstone; Miron Hakes, Rte. 2, Bark River; Louis Wilechko, 214 N. 11th St.; Arthur Trombley, Wells; Mrs. Louise Anderson, 1317 1st Ave. S.; Eugene Pracy, Gladstone; Mrs. Marcella Porath, Rte. 2, Bark River; Kathryn Kidd, Rte. 1, Escanaba; Rose Strom, 1023 Stephenson Ave.; Mrs. Loreta Cody, 318 2nd Ave. S.; Mrs. Emma Friedgen, Rte. 1, Escanaba; Mrs. Ann Decker, 416 S. 12th St.; William Peltier, Rte. 1, Gladstone; Mrs. Betty Leppanen, 327 S. 6th St.; Oliver LaFond, 327 S. 7th St.; Mrs. Ivan Buchan, Manistique; Mrs. Judith Lasardi, 216 N. 11th St.; Lillian Jacobsen, 800 S. 11th St.; Mrs. Betty Weissert, 1504 Lake Shore Dr., Escanaba; Mrs. Dora Huford, 1021 Superior Ave., Gladstone; Mrs. Dorothy Norman, Cornell; Matt Maki, Rte. 1, Gladstone; Mrs. Juanita Ward, 1401 Minnesota Ave., Gladstone; Milton Bonz, Rte. 1, Rapid River; Mrs. Beatrice Gambel, 1301 1st Ave. S.; Charlene King, Rte. 1, Rapid River; Mrs. Irene Yirska, Rte. 1, Gladstone; Mrs. Pearl St. Clair, 1402 1st Ave. S.; Mrs. Elizabeth Feathers, Nahma; and John Farrell of Rte. 1, Escanaba.

## Cockfight Raided; 42 Men Arrested

FORT MYERS, Fla. (AP)—Forty-two men arrested in a raid on a cock fight arena have been charged with unlawful assembly. Sheriff Flanders Thompson said Sunday night: "We know there is no law against cock fighting but we feel that this kind of assembly is detrimental to the county. Where it is continuing on a wholesale basis, we are going to keep it down."

## Store Is Entered; \$2 In Cash Stolen

Escanaba police are investigating the burglary of one store where the cash register was robbed and the attempted entering of another this weekend.

The Thomas Finn food market at 324 Stephenson Ave., was entered by thieves who ripped off a door jam and storm door and smashed two wooden panels. They then broke open the cash register and made off with about \$2 in change.

The Matt Lewis Market at 322 Stephenson Ave. resisted efforts of burglars to enter. Police said they are questioning several boys in connection with the burglars.

GOVERNORS REMEMBERED FRANKFORT, Ky. — Twenty Kentucky counties and two cities are named after former governors of the state.

## Five Orchestras Enter Festival

Five Upper Peninsula High School orchestras will participate in a U. P. Orchestra Festival at the Escanaba Junior High School Saturday. Participating orchestras will be from Ishpeming, Negaunee, Menominee, Marquette and Escanaba.

The festival chairman is Mrs. George Embs, string instructor in the Escanaba Area Schools. Assistant chairman is Conrad Beck.

The individual orchestras will perform from 9 a. m. to 12 Saturday morning. They will be judged by Elmer Coon, music director of the Lakeview Community Schools and concertmaster of the Central Michigan College Symphony Orchestra at Mount Pleasant, and Joseph Dieke, music director in the Sault Ste. Marie Schools. The two adjudicators will share the conducting of the 120 piece massed orchestra in the evening concert beginning at 7:30 in the William W. Oliver Memorial Auditorium. There will be a small admission charge of 50c for adults and 25c for students in the evening but no charge for the morning performances.

Escanaba will present two groups Saturday morning from 9-10 a. m. — the Senior High School orchestra and a 36 piece string orchestra made up of students from grades 8-12.

A madrigal choral group from the Manistique High School will present several numbers at the massed evening concert. This group received a superior rating at the Solo and Ensemble Festival at Marquette on March 2.

The massed orchestra will play seven numbers including favorites such as Leroy Anderson's Jazz Pizzicato, Midnight Beguine by Grundman and Highlights from My Fair Lady.

The public is invited to the morning performances and encouraged to come to the evening concert to see and hear our U. P. young people at their best.

The program times: 9 — Escanaba Senior High School Orchestra, John Chown - Clara Embs, directors.

9:30 — Escanaba Senior High School String Orchestra, Clara Embs, director.

10 — Gravaet High School Orchestra, Joseph Patterson, director.

10:30 — Menominee High School Orchestra, Sandra Maas, director.

11 — Ishpeming High School Orchestra, Roy Ketola, director.

11:30 — Negaunee High School Orchestra, Walter Daley, director.

## Congo Guard Kills Man Who Didn't Get Off Sidewalk

ELISABETHVILLE, Katanga, the Congo (AP)—A Congolese soldier shot a white foreigner to death today because the white man didn't obey an order to get off the sidewalk fast enough to suit the soldier.

The victim was Simon Asher, 55, believed to be an Israeli. He was the father of three children.

Witnesses said a Congolese soldier on guard ordered Asher off the sidewalk as he walked past the former National Bank of Katanga, which the central Congo government has taken over. It is in the heart of Elisabethville's shopping and business center.

The white man, slightly deaf, hesitated and the soldier shot him in the back.

## Lost Boy Back; Says He Left To Duck Dishwashing

BALDWIN, Mich. (AP) — A search party of 25 volunteers and state police spent Saturday night combing the woods 10 miles south of here for Roger Robbins, 12.

Roger, son of Mrs. Ila Hills, returned to his home near this northwestern lower michigan community at 5 a. m. Sunday.

He explained that he had dodged the searchers for seven hours because "it was my turn to wash the dishes."

## Refinancing Big Mac

When the Mackinac Bridge was built the sponsors set up the best financing arrangement they could, consisting of revenue bonds and an annual state contribution of more than \$400,000. The intention, then and since, was to refinance the bridge when it was possible in order to reduce the interest charges.

It was believed necessary, in keeping faith with the public which would be tax responsible for general obligation bonds, to demonstrate the bridge's ability to pay for itself before switching the financing to the cheaper bonds. Otherwise the public might hold a sack for the difference between the net bridge revenues and the financing charges.

The bridge hasn't done as well as was hoped for. This is evident in several increases in bridge charges necessitated by the revenue bonding terms when revenues fell behind debt amortization schedules. These fee increases are undesirable because they tend to reduce bridge traffic further when the need is for more bridge traffic to ease the financing burden.

The proposed new Michigan constitution to be voted April 1 would authorize refunding of bridge bonds by action of the legislature. And a proposed constitutional amendment has been introduced in both House and Senate to authorize the state to issue full faith and credit bonds to refinance the bridge, which was constructed with \$100 million obtained by selling revenue bonds, which are secured only by the bridge revenues.

An 8 per cent premium would have to be paid on any of the present bonds redeemed before Jan. 1, 1964, when the premium will go down to 5 per cent and be further reduced one per cent every 5 years. Reduced interest charges would pay off the bonds faster and make possible lowering of the bridge tolls.

The state's policy problem is determining if the traffic induced by lower tolls couldn't pay off general obligation bonds. Certainly lower tolls would help the Upper Peninsula and the rest of Michigan and the present arrangement of hiking tolls when revenue dips is aimed in the wrong direction. It may satisfy the bondholders, but it doesn't meet the needs that the bridge was constructed to serve.

## Comparing Pay

William S. Cook, president of the Michigan State Employees Association, charges in a blast against the new constitution that it would weaken civil service. This view is opposed by persons who created and protected civil service in Michigan and who want it to operate under rules which make it responsible to public opinion and means.

Cook says "It has been proved in many studies that state pay levels traditionally lag behind those of business and industry."

We are not qualified to judge the accuracy of this statement generally, and Cook does not document it, but we will take exception to it as it applies locally. In Escanaba, private employers have said for years that they lose help to the state because it pays better and requires less work. Municipal employees point to state pay levels as a goal.

## The Doctor Says:

### Child Needs Loving Discipline

By Dr. Wayne G. Brandstadt, M.D.

Discipline is not to be confused with punishment. Punishment becomes necessary only on those occasions (rare, I hope) when discipline breaks down.

Discipline is really training your child to know what is expected of him, and to respect the rights and property of others. When properly administered, far from building up a feeling of frustration or resentment in your child, discipline increased his sense of security.

The limits you set on your child's behavior are partly to protect him from personal injury and partly to prevent him from becoming a social outcast. As he grows older the limitations set on his behavior must be broadened to give him a greater sense of responsibility.

In short, he must be taught to respect authority exercised firmly and lovingly. Without such authority your child will feel lost, unsure of himself, and unable to

cope with situations that should be within his limited ability.

When it becomes necessary to punish an infant, punishment should be prompt so that your child will unmistakably associate the punishment with the misdeed. It should never be administered with a show of anger. You are punishing the misconduct, not the child, and he must be made to realize that your love for him is in no way diminished.

Once the punishment is given, the incident should be considered closed. For the toddler of 2 or 3, a sharp but firm "No" and an unmistakably disapproving look should take care of most minor infractions.

When your child is 4 or 5, you can begin to explain the reasons behind your disciplinary rules. But you should avoid dragging this out into a prolonged discussion, because your child may use this as a means of demanding more than his fair share of your attention, or of diverting the discussion away from the essential point.

As soon as he can understand what is being done and why, withholding privileges, scolding, or sending him to his room should replace all forms of corporal punishment. Some parents are afraid to impose disciplinary measures for fear of harming the emotional development of a child.

This idea has done a great deal of harm. There is nothing more frustrating to a child or more damaging to his emotional growth than for him to be completely undisciplined. It is just as erroneous for a parent to be afraid that discipline will cause a breach in her close relationship with her child. If there is genuine mutual love, discipline administered fairly and firmly can only strengthen it.

Good discipline cannot be achieved by one parent alone. Any differences in attitude toward discipline must be resolved by the father and mother well out of earshot of the children, so that they may present a united front.

Furthermore, there should be no passing the buck from one parent to the other. Sarcasm and ridicule are not proper means of discipline. Your child will immediately recognize in such methods that you are taking an unfair advantage of him.

## National Torture

## Washington Comment Letters To The Press

WASHINGTON—(NEA)—Atty. Gen. Robert F. Kennedy, answering questions at the Advertising Council's Washington meeting, was jokingly told by one businessman that he and others were puzzled as to how much money they might safely spend — under new federal expense account rules — for dinner that night.

Replied Kennedy quickly: "I've heard from Mortimer Caplin, the commissioner of Internal Revenue, and he tells me you can do anything you like tonight, providing you top it off with a toast to my brother, the President of the United States."

Women Cab Drivers are increasing in Washington, but not in such volume that it doesn't still create some raised eyebrows.

One lady caddy, tired of being quizzed by curious passengers, has placed this sign strategically inside her cab.

"I'm 28 years old, married and the mother of three children. And I've been driving a cab for three years."

Roswell Gilpatrick, deputy secretary of defense, had planned to go to Spain for negotiations with Generalissimo Francisco Franco on U.S. bases but canceled the visit when he learned Franco was not yet ready to talk. While in Rome, Gilpatrick learned that Franco's aide had been trying to figure out what to do with Gilpatrick if he did come, since there wouldn't be any business to talk about. At last they came up with a hunting trip with Franco.

When Gilpatrick heard this he said, "Tennis is, hunting no!"

A conversation between two tycoons meeting in Washington: "How's business?" "Terrible." "What're you talking about?" John Kennedy says business is good. "Well, he has a much better location."

Quote of the Week—"If it came to a choice between having a government without newspapers or newspapers without a government I'd choose the latter." — Rep. Emanuel Celler, D-N.Y., chairman, Judiciary subcommittee on Concentration of Ownership of News Media.

Newton N. Minow, Federal Communications Commission chairman, first witness before the Celler committee, testified that "the advent of broadcasting has probably contributed to the decline of independently owned newspapers."

"But you don't get depth or width of news coverage from broadcasting," observed Chairman Celler.

"May I recall the old Chinese proverb that 'One picture is worth a thousand words?'" asked Rep. George Meader, R-Mich.

"Yes," replied the chairman, "but the Chinese didn't have that."

A delinquency of 70 per cent exists in the tax rolls of Brampton Township it is reported by County Treasurer Ralph Olson.

Edmund Ashford, Schoolcraft County's veteran probate judge and closely identified with Manistique's early history, is 80 years old today.

The United States has created in the public's mind a definite picture of untrustworthy Communist leaders. It can no longer expect that the public or the Congress would take the Soviet Union's own word that it would keep its part of the bargain.—Lewis B. Sohn of Harvard Law School, on nuclear test ban.

Contributions to this column are welcome. They should be brief and must be signed, but signatures will be withheld on request.

"A WORD TO THE WISE" Friday's issue of the Escanaba Daily Press carries an article with the headline "Queen's Luncheon Plans Completed." The article states that the Centennial Queen's Committee plans the luncheon for Sunday April 7 at 12 noon. My feeling is that this Centennial Committee has used poor judgment in selecting this date, which is Palm Sunday, and the noon hour, which will interfere with some church services.

I am as interested as anyone that the Escanaba Centennial shall be successful. I do not believe that it can be a success if the community ignores the spiritual values and emphasizes only the material and temporal values. Certainly the various centennial committees should make every attempt to avoid scheduling events on Sunday at such a time that they will compete with the services of the several churches.

A word to the wise ought to be sufficient.

Karl J. Hammar

Q—Upon what novel did Verdi base his opera, "La Traviata"? A—"Camille" by Alexander Dumas the Younger.

Q—What is the origin of the phrase "Man is innocent until proved guilty"? A—"The principle probably originated with the Magna Charta, granted by King John to the barons of England in the year 1215.

Q—In what part of the world are earthquakes most prevalent? A—About 95 out of 100 earthquakes occur in two great areas — the Pacific belt and the Mediterranean belt.

Q—The rise of what dictator ended the ancient Roman Republic? A—Julius Caesar, when he led his army across the Rubicon toward Rome.

Q—What is the life span of a May fly? A—One day after it reaches the adult age.

Q—How did Sir Isaac Newton react to criticism of his scientific theories? A—His friends had to plead with him to publish his most valuable discoveries.

Q—What nation came into being May 14, 1948? A—Israel.

Q—Why are the ruins of England's Glastonbury Abbey of great interest? A—King Arthur and Queen Guinevere are said to have been buried there.

Q—What is the legend regarding the naming of the Adam's apple? A—It received its name from the belief that a piece of apple which Eve gave to Adam stuck in his throat.

Q—How did the ancient Egyptians make use of meteors? A—Scientists believe that almost 9,000 years ago Egyptians used iron from meteors to make tools and weapons.

Q—What French writer is famous as the creator of the modern essay? A—Michel de Montaigne.

## MHS Forensics Winners Told

Manistique High School had six students selected at Sault Ste. Marie forensics activity Friday for participation at the U.P. regional festival in Marquette next month.

The winners at the Soo were Karen Estren, lyric poetry; Bonnie Fyvie, dramatic dialogue; Eleanor Jorgenson, original oration; Frank Kelly, declamation; Cordell Sikarskie, extempore speaking and Jane Schuster, humorous reading.

Thirteen winners with superior ratings were picked for regional competition at the Soo. The Manistique squad is coached by Mrs. Lee Pappas. Soo, Newberry, Manistique and Eben participated.

Othel Manistique contestants, who received either superior or excellent ratings were Robert Clausen, dramatic monologue; Robert Atherton, oration; Jacques Anderson, extempore speaking and Greer Olsen, lyric poetry.

## Briefly Told

George Nicholson was taken from Schoolcraft Memorial Hospital to his home at 9:45 p.m. Friday.

Luther League of Zion Lutheran Church meets today at 7 p.m. in Augustana Hall.

## Newberry

## Mrs. Mary Ward, Newberry, Dies

Mrs. Mary Rose Ward of Newberry died Saturday evening at the Lakefield Rest Home after a lengthy illness. She was 82 years old.

Born May 29, 1880 at Fayette, she was married to James Ward, who died in August, 1945.

Mrs. Ward was a member of St. Gregory's Catholic Church, of the Altar Society, and of the Royal Neighbors.

Surviving are three daughters, Mrs. William (Naida) Earle of Newberry and Blaney Park; Mrs. Raymond (Dolores) Bean of Bay City; and Mrs. William (Marie) Zandi of Flint; and five sons, Robert and Richard of Marquette, Harold of Pinconning, Wallace of Detroit and Raymond of Flint.

Also surviving are 39 grandchildren and 29 great-grandchildren; two sisters, Mrs. Ray Butler of Engadine and Mrs. Donald Garrett of Manistique; and three brothers, Joseph Cousineau of Hardwood, John of LaMesa, Calif., and Alex of Cranston, R.I. The body is at the Beaulieu Funeral Home where friends may call between 2 and 9 p.m. today and the parish rosary will be recited at 8 tonight.

Funeral services will be held at 11 a.m. Tuesday in St. Gregory's Catholic Church with the Rev. Paul Manderfield officiating. Burial will be in Forest Home Cemetery.

## Mrs. Williams Taken By Death

NEWBERRY — Mrs. Clara May Williams, 58, died March 23 at Crandon, Wis., where she had been visiting at the home of a son, Ronald. She had been a resident of Newberry for the past 50 years.

Born at Thompsonville, Mich., on April 28, 1904, she is survived by her husband, Joseph Irvin Williams.

Other survivors are two daughters, Mrs. Virgil Groh and Audrey of Newberry; three sons, Virgil of Newberry and Joseph of Miami, Fla., and Ronald of Crandon; and one sister, Mrs. Mary Mallison of Thompsonville. The body is at the Beaulieu Funeral Home, Newberry, where friends may call between 2 and 9 p.m. today.

Funeral services will be held at 2 p.m. Tuesday with the Rev. Emmett Coons of the First Methodist Church officiating. Burial will be in the Forest Home Cemetery.

## Finding Jobs Hard For The Unskilled

By HAL BOYLE

NEW YORK (AP) — Things a columnist might never know if he didn't open his mail:

Although it also results in new jobs, automation is now displacing jobs. It is estimated the U.S. work force will increase from 74 million in 1960 to 87 million in 1970.

Those now having the hardest time finding jobs are boys under 20 who didn't finish high school, and those over 45 who haven't kept pace with new skills. Easter customs spring from many sources. The ancient Persians believed the world was hatched from an egg on the first day of spring and at that time each year exchanged colored eggs for good luck.

No Cash Needed

Each night about one out of 10 Americans takes a sleeping pill. Walking pigeon-toed will help prevent slipping on ice.

Did you ever see a pigeon slip and fall down?

Edward Bellamy, 19th century author of "Looking Backward," predicted that in a hundred years or so people would no longer use cash at all. Every year he seems closer to the truth.

Our quotable notables: "There is a point, of course, where a man must take the isolated peak and break with all his associates for clear principle; but until that time comes he must work, if he would be of use, with men as they are. As long as the good in them overbalances the evil, let him work with them for the best that can be obtained"—Theodore Roosevelt.

Is that famous French cooking causing Frenchmen to eat their way into an early grave? French health officials feel good times

and rich sauces may explain why one in 10 adult Frenchmen has high blood pressure compared with about one in 20 only 15 years ago when the national diet was leaner.

Women More Finicky  
In New Mexico you can shoot a deer if you have a license. But if you rope one, it will cost you \$35 and court costs.

Do you feel now and then that your wife is finicky? Well, science is on your side. Studies at Cincinnati and Wayne universities found that women are harder to please than men and "more easily annoyed by trifles."

Farmers in Latvia once thought planting a pig's tail in a field guaranteed a better stand of barley. In parts of Germany, planting a pig's ribs was supposed to help the flax harvest.

It was Will Rogers who observed, "I don't make jokes — I just watch the government and report the facts."

## Circuit Court Jury Drawn

A panel of 24 jurors has been drawn for the term of Circuit Court opening April 8 here.

The jury reports at 10 a.m., April 10. Those drawn are:

Margaret Berry and Basil Burns, Germfask; William B. Reber and Frank A. Beckman, Hiawatha Township; Virgil Wright and Donna Jean Swayer, Inwood Township; Constance D. Bergland and Dorothy B. Love, Manistique Township; Beatrice Buzzo and Dorothy Letson, Mueller Township; Kenneth J. Caron and Hazel Peterson, Thompson Township; Walter J. Niemi, Seney; Madonna A. Yoder and William Anderson, Doyle Township; and from the city:

Robert Rozich, Orville N. Smith, Elsie Maitland, first precinct; Frances M. Wedegartner, Mary B. Brault, Lorraine Ozanich, second; Betty Schuetter, Joseph Melican and Jack Creighton, third.

## Union To Meet With Council

Representatives of Local 1196 of the Municipal Employees Union are scheduled to meet tonight (Monday) at 7 p.m., with the City Council on reopening of the union contract.

The meeting will mark the first to be attended by Clarence Motz, newly-appointed city manager.

Also on the agenda will be action on several special assessments.

# Forestry Fears Loss Of Capital Gains Taxation

VERMONTVILLE, Mich.—Reverberations of a Feb. 6 U. S. Treasury Department proposal concerning timberland taxation are echoing throughout the nation's privately owned timberlands and conservation organizations and causing especially discordant sounds from a famous Michigan woodland near here known as "Barber's Woods."

The 300 acre old growth maple and beech woods two miles north of Vermontville is one of the last stands of virgin hardwood in Southern Michigan. Homesteaded and held for three generations by the Barber family, its towering trunks have drawn the attention of many nature groups including the Michigan Natural Areas Council, Nature Conservancy, Michigan Forest and Parks Association, Michigan Botanical Club and others.

Now, Barber's Woods is being logged off for sawlogs and veneer logs by its new owner, Clarence Buskirk of the Buskirk Lumber Co., in Sandusky. Buskirk bought the tract last year from Phil Barber, retired Charlotte banker. Buskirk attributes the clear-cut logging to fear of the new tax proposals by Treasury Secretary Dillon.

"Timber conservation — tree farming—is encouraged by present regulations whereby timber owners may treat timber growth as long-term capital gains," said Buskirk. "But all pronouncements from Treasury Secretary Dillon's office indicate that much

of the benefits will be abolished. His Feb. 6 proposal to Congress, if enacted into law, will drastically limit capital gains as an incentive to good forestry.

"I couldn't take that chance. Neither could Phil Barber, the former owner of the woods. All I could do is cut the trees before the Treasury Department took this incentive away." Avowedly, Buskirk's original intention upon seeking to buy Barber's Woods was to become most of the over-mature timber which would soon be lost to ravages of age. "Then," he said, "the woods could have kept most of its beauty and been managed for perpetual harvests down through the years. But this could only be profitable through capital gains treatment."

The American Forestry Association and other national conservation organizations have expressed concern over the Treasury secretary's proposal. A leaflet now being distributed nationally entitled "Let's Not Kill Our Timber With Taxes" carries a recent resolution: by AFA which states:

"The inclusion of gains in timber growth and value as eligible to taxation as long-term capital gains has been the largest single factor responsible for the vast nationwide progress, during the past quarter century, in timber and water conservation, in sustained yield management of privately-owned forests, in the development of recreational facilities and in the maintenance of perman-

ent sources of employment in forest-dependent communities.

"The substantial denial of capital gains treatment to forest industries and to owners of commercial forest lands would constitute the most severe setback in this generation to forest conservation and the permanent productive use of forest lands." The American Forestry Association is a citizen's organization and speaks for forestry-minded people from all walks of life.

A basic consideration of the original provision of capital gains treatment for timber was the inequity of taxing timber as ordinary income. The present proposal, considered by the House Ways and Means Committee on March 21, would eliminate the capital gains treatment for corporations and limit its use for individual tree farmers.

## Greek Church 1,000 Years Old

MOUNT ATHOS, Greece (AP)—This year the Eastern Orthodox Christian community of Mount Athos joins the very select group of institutions that have survived for one thousand years.

A celebration of the millennium started this month at a meeting held in Istanbul by the Greek Orthodox Patriarch Athanasios, under whose spiritual leadership the holy community depends. Further celebrations will be held in Athens and Salonika in May and 250 guests will be invited for commemorative services on Mount Athos during the latter part of May.

### Chartered In 963

It was in 963 that Emperor Nicephoros Phocas issued a golden bull, or charter, to Saint Athanasios the Athonite to establish a monastery on the end of this 30-mile-long, mountainous, narrow peninsula.

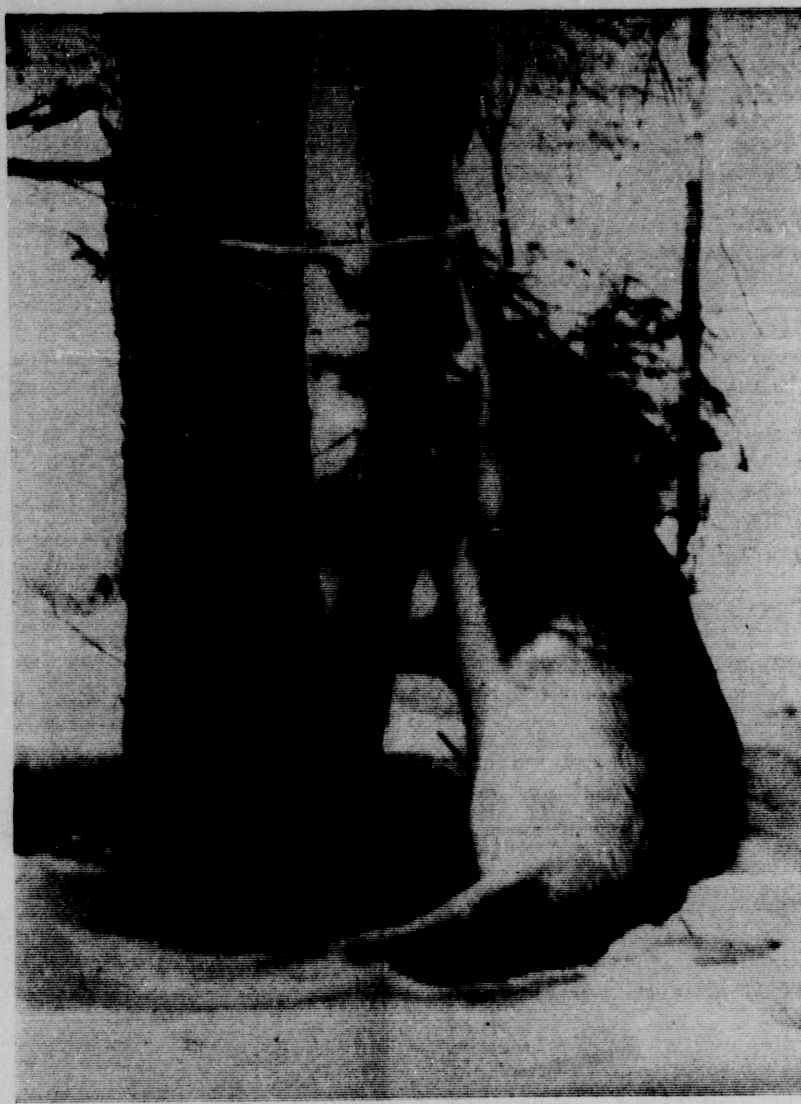

When Phocas earlier fought the Saracens on the island of Crete he had called upon Saint Athanasios for devout prayer to the Almighty. Winning, Phocas issued the golden bull and the monastery of Megisti Lavra was founded the same year.

Today there are 20 major monasteries on the remote peninsula. Eleven are cenobitic, where everything is shared and food partaken in the refectory; nine are idiorhythmic, where property can be held and food is cooked separately in each monk's cell.

Worship is the same in all the monasteries. All the monks pray in the main church from around 2 a.m. until about 8 a.m., except on the eves of the saints and feast days, when all-night vigils can reach up to 14 hours. Two-thirds of the days of the year are fast days, when no wine and not even oil may be partaken. Meat is never allowed in the cenobitic monasteries.

### Escape From Turmoil

The basic belief of the monks is that their lives are but transient and therefore can be disregarded in man's purpose and destiny. The ideal is man's approximation to the divine and the Athos monks

This adult doe caught her foot in a cedar tree while reaching for food on the north side of U.S. 2 about two and a half miles west of Gould City. The deer died a lingering death. The carcass was discovered by Conservation Officer Clyde Lambert of Newberry.

## Peninsula Potpourri

**IRON MOUNTAIN**—Henry P. Orth, 69, of Riverside Boulevard, retired division traffic superintendent for Michigan Bell Telephone Co., died Tuesday in St. Joseph-Lloyd Hospital. Ill for the past five years, he entered the hospital, March 14.

**IRON RIVER**—The Iron River public school board of education has voted to extend the 1963-64 school year by one week, making a total of 40 weeks of classes for next year.

**SAULT STE. MARIE** — An across-the-board salary increase of \$300 has been approved for Sault Ste. Marie public school teachers by that city's board of education. The new pay schedule raises the base pay of a teacher

attempt to proceed as far toward this objective as possible while they are on earth.

They believe that achievement of that objective can only be secured by escape from the turmoil of the world. They believe noise distracts them from the divine contemplation, which is essential to approach the ideal. Their way to keep their minds to the point is continual prayer, penance and simplicity.

The majority of the 2,000 monks in the community are Greek and all monks on being accepted automatically acquire Greek nationality. Monks can be accepted only after being attached as a novice to an elder for at least a year. In the last 10 years, Athos has been averaging 25 novices a year.

## Higher Education Boosted At U.M.

ANN ARBOR (AP)—Higher education in Michigan—public and private—have received a helping hand and a pat on the back from the University of Michigan Board of Regents and President Harlan Hatcher.

The helping hand was extended by the Regents, who agreed unanimously at a meeting Friday to ratify the constitution of a voluntary organization of presidents of all private and tax-supported colleges and universities in Michigan.

Hatcher praised Gov. Romney's blue ribbon Citizen's Committee on Education. The University welcomes the committee and gives it its full support, he said.

Its statement of objectives, drawn up last week, indicated the group would take "a good, strong look, as objectively as possible, at the condition and needs of public higher education in Michigan," Hatcher added.

### No Conflict

Hatcher also applauded the new Council of Michigan College Presidents.

The aims and objectives of this new group would in no way conflict with the blue ribbon committee's statement, said U-M. Vice President William E. Striton, who has been working with proponents of the plan for nearly four years; the committee's statement was drawn up after the organizers saw the constitution.

The constitution, drawn up March 8 at Nazareth College, Kalamazoo, takes effect when ratified by all member schools. The University of Detroit was the first to ratify.

Regent Allan R. Sorenson, D-Midland, registered the only objection. The board had not had a chance to study the document, he said. He asked for a delay of action—"but not if it hampers the group."

Sorenson also said he wanted to be sure that forming another organization did not merely create confusion in the field of voluntary cooperation.

The purpose of the group, the constitution said, is to promote "the educational advancement and efficiency of member institutions...to undertake at all times to achieve the maximum contribution of the member institutions to the total program of higher education" by taking every opportunity to allow them to work together.

### Gifts Accepted

It would promote conferences and studies, act as a clearing house, promote experimentation and cooperation in teaching, research, publications, finance and administration, the document said. In other actions, the Board

## Utility To Host Students At Meet

The Upper Peninsula Power Co. has invited a member of the faculty and two students from Michigan Tech to attend the 25th annual American Power Conference in Chicago March 26-28.

John H. Warden, company president, said this year's Conference will be of special interest to Copper Country delegates in that the main speaker at the banquet arranged by the American Nuclear Society is Dr. Manson Benedict formerly of Lake Linden. Dr. Benedict is president, American Nuclear Society and head of the Department of Nuclear Engineering, Massachusetts Institute of Technology.

Attending the conference from Tech will be Prof. Robert N. Belanger of the Electrical Engineering Department; James A. Jennison of Iron Mountain, a junior student majoring in electrical engineering and John P. Zarling of Horicon, Wis., a junior student majoring in mechanical engineering. Attending as representatives from the power company will be Clifton F. Rogers of Houghton, general superintendent, and Jack E. Zeigler of Marquette, production superintendent.

## Map Ready

LANSING—A red-coated sentry standing in front of a historic fort, six pretty girls wearing Dutch costumes and one of Michigan's outstanding waterfalls are pictured on the cover of the 1963 Michigan highway map expected to be of the press early next week.

Presque Isle Falls near Ironwood, appear on the cover along with a photo of a scenic shoreline highway in the Keweenaw Peninsula.

agreed to consider questions on the status and nature of sororities and fraternities raised in a letter from a Grand Rapids law firm (Schmidt, Smith, Howlett and Hallday).

The firm was retained by six U-M sororities and fraternities and is trying to determine whether they, like other student organizations, are subject to the authority of the student government council, said Vice President Wilbur K. Pierpont.

The council has prohibited all fraternities and sororities from carrying discriminatory clauses in their charters.

The Board also accepted \$102,559 in gifts, grants and bequests—including \$31,825 from the Kellogg Foundation and \$10,000 each from the Consumers Power Co. and the Kresge Foundation.

## Science Shrinks Piles New Way Without Surgery Stops Itch—Relieves Pain

New York, N. Y. (Special)—For the first time science has found a new healing substance with the astonishing ability to shrink hemorrhoids, stop itching, and relieve pain — without surgery.

In case after case, while gently relieving pain, actual reduction (shrinkage) took place.

Most amazing of all—results were so thorough that sufferers made astonishing statements like "Piles have ceased to be a problem!"

The secret is a new healing substance (Bio-Dyne®)—discovery of a world-famous research institute. This substance is now available in suppository or ointment form under the name Preparation H®. At all drug counters.

Ann Landers  
Childless Couples  
Sick Of Pestering

Dear Ann Landers: My wife's mother is one of the most wonderful women who ever lived. She has a heart as big as a mountain. I love her as much as I love my own mother. But, Ann, I just can't stand her cooking. Whenever I eat dinner at her house I get heart burn and indigestion for two days.

Ma cooks old-country style. Everything is swimming in chicken-fat. She sets enough food on the table to feed an army. And to make matters worse, Ma always seats me next to her so she can push my arm and say, "Eat, Harry. Eat."

I wouldn't hurt her feelings for the world. This wonderful woman puts her heart and soul into her cooking, but I just can't look another bowl of chicken-noodle soup in the face.

My wife says I should write to you. She can't figure a way out either. — HIGH CHOLESTEROL HARRY

Dear Harry: Phone your doctor. He will be happy to take you off the hook.

The next time your mother-in-law invites you to dinner say, "Look, Ma, the doctor has me on a special diet. I can't eat at your house until I get my cholesterol down. If you explain it she'll understand."

Dear Ann Landers: I just read the letter signed "Irate" and for the first time in my life I feel compelled to toss in my two cents worth.

My husband and I are also "Irate." We, too have been married seven years and have no children. Our friends also pestered, nagged and harangued us to

Something inside snapped I replied:

"Yes we DO know what we're missing. Our friends have told us. We're missing diapers, whooping cough, measles, mumps, chicken-pox, allergies, polio shots, floor walking till dawn, midnight rushes to the hospital, summers without a vacation, winters without a vacation, dental braces, PTA meetings, tied-up telephones, and smashed fenders. Yes, we are missing a great many things—and we know it. Now, let's get on with the bridge game, girls."

— DENIED CHILDREN

Dear Denied: Thanks for your point of view. No one who has children can deny that you are right.

And now perhaps some of our readers who are in a position to know will write and tell you about the OTHER things you are missing—like chubby little arms around your neck, trusting eyes

that say, "You're wonderful," the deep sense of satisfaction that comes with seeing little children develop into useful and joyous adults. It's a list that could go on forever.

\*\*\*

Are you going steady? Making marriage plans? If so, send for ANN LANDERS' booklet, "Before You Marry—Is It Love Or Sex?," enclosing with your request 20c in coin and a long, self-addressed, stamped envelope.

Ann Landers will be glad to help you with your problems. Send them to her in care of this newspaper enclosing a stamped, self-addressed envelope.

# Menominee Forest Harvest Ends Until Popple Peeling

The cutting of timber in the big Menominee State Forest is about through for the winter, as in most other Upper Peninsula woodlands, and the next movement of wood will come in early June when trucks start hauling loads of bright peeled popple.

The winter has been a busy one in the forest and the work done supported hundreds of families. Clarence Limpert, Conservation Department forester who manages the forests, says that between 180 and 190 cutting permits were issued to jobbers for work in the 130,000 acre forest, which is about two-thirds in Menominee County and one-third in Delta County.

The forest has an "allowable cut" of 8,000 cords of aspen, 800 cords of balsam and 120 cords of spruce a year at the present time, but this foresters term describes type stand cuts, and the actual cordage of wood cut exceeds these figures.

The year's cut has been 900-1,000 cords of spruce, 4,000 cords of balsam, 12,000 to 14,000 cords of aspen and 2,000 cords of Gilead,

said Limpert. Ten years from now, he said, the cut will be larger because there is so much young growth in the forest.

He said that the forest now is able to sell its allowable cut, a happy circumstance which government forests in the eastern Upper Peninsula have not been able to accomplish fully, because of lack of wood using industries.

Five years ago, said Limpert, a forest inventory set the allowable cut for the forest and another inventory is due in a year or two and a new determination of allowable cut will be made. "We're not selling more than we were 10 years ago," said Limpert "the cordage is about the same."

Ten years from now, he thinks,

## Octave J. Gerou Of Escanaba Is Advanced By Army

Sgt. Octave J. Gerou

ALBUQUERQUE, N. M. — A native of Escanaba, Mich., with almost 18 years of military service has been promoted to first sergeant of the 139th Ordnance Co. at Sandia Base here.

He is Octave J. Gerou, son of Mrs. Elizabeth Gerou, 214 N. 18th St., Escanaba, a 1941 graduate of Escanaba Senior High School and Roosevelt University alum.

Gerou entered the Navy in 1943 and served until 1945. He joined the Army in 1947 and has served with it since.

He is married to the former Renetta Kaye, daughter of Mr. and Mrs. S. Kaye, 2112 W. Augusta Blvd., Chicago 22.

Sergeant Gerou and his wife reside at 4309A Johnson Drive, Sandia Base, with their two children, Deborah and Tracy.

## Hulbert Driver Pays \$100 Fine

Melvin Penix, 29, of Hulbert, was arraigned Friday before Justice Frank Whitmarsh and pleaded guilty to driving under the influence of liquor. He was fined \$100 and costs of \$7.40.

Penix was arrested Thursday night by State Police and was lodged in the Luce County jail until his arraignment.

the forest still will be producing its present volume of aspen (popple) but aspen is being succeeded by red maple, balsam and other trees on much acreage in this area. Unless clear-cut (logged so no forest remains) aspen does not regenerate itself well.

The cedar stands in the forest are not regenerating themselves after cutting the way the foresters would like. "Too much is going back to alder brush," said Limpert. "We're trying strip cutting and scattering our cuts to get re-production and to feed the deer."

"Last year we had the biggest cut of cedar on the forest since it was created in 1946. That was because of the winter deer problem. We sell the cedar by the cord and 95 per cent of it goes to fencing. If it were not for the fence factories we would have no market. We cut about 900 cords of cedar last winter (1961-62) in the forest. That doesn't sound like much, but it's a lot of cedar. It averages about 150 posts to a cord."

Cedar is sold for \$2.50 to \$3 a cord and tamarack and nemock at from \$2 to \$2.50 a cord for pulpwood and (\$6 to \$10 a thousand for logs). Aspen is sold from \$2.60 a cord rough to \$3 peeled. "I know that others are getting \$4 a cord, but \$3 a cord for peeled aspen is plenty," said Limpert.

He said that jobbers have become better bidders and no longer tend to overbid like they used to. He says area timber jobbers don't make enough for a good living because they don't get enough timber to cut; that if they could work a full year (allowing for spring break-up, rainy days, etc.) their main problem would be solved.

Jobbers cut from 20 to 1,000 cords on a permit. Their cut this past winter was described as normal by Limpert, consisted mostly of pulpwood, with some sawlogs and some cedar.

The cutters pay the Conservation Department from \$60,000 to \$65,000 a year for the stumpage they cut in the forest and there is also forest income from sale of sand and gravel and lease of pastureland.

## Retarded School Building Fund Is Now Over \$9,000

The building fund for the school for retarded children continues to grow, with the combined total of all receipts now over the \$9,000 mark.

Contributions recently received from organizations include \$50 from the Elks Ladies Auxiliary; Buckeye School PTA \$7; and a further gift from the Teamsters Local 328 to bring the total proceeds from the Danceorama to \$1,668.50.

St. Francis Hospital employees have donated \$129.50 in payment of pledges made on behalf of the nurses' march for the school fund, bringing the total donations in three marches to \$5,129.81.

Individual contributions continue to be received. The building fund goal is \$20,000.

Classified Ads Cost Little But Do A Big Job

Airman Basic James W. Scheuren, son of Mr. and Mrs. Morton Scheuren of Cornell Rte. 1, has been selected for technical training as an air policeman at Lackland Air Force base. He enlisted in the Air Force a short time ago, has just completed his basic military training and is a 1961 graduate of Escanaba High School.

Duaine M. LaPalm, son of Mr. and Mrs. Norman E. LaPalm of Rte. 1, Cornell, recently was promoted to P.F.C. LaPalm, who was a student of Holy Name High School, is now servicing with the 1/32nd Infantry Reconnaissance Platoon in Korea. He entered service in June of last year and was shipped overseas in December.

## Trial Of Estes Nears Windup

EL PASO, Tex. (AP)—Billie Sol Estes, an energetic onetime farm boy who parlayed shoestring capital into a temporary fortune, waited calmly today for a federal jury to begin deciding whether or not his farm finance operations were fraudulent.

The now bankrupt 38-year-old promoter heaved a sigh as the second week of his trial on fraud charges concluded Friday, with both sides resting.

"Man, you don't know how good it feels," he said to a reporter, "after a whole year knowing you can't dare say anything to anybody."

Estes nevertheless reserved any significant comment, knowing lawyers must present their final arguments today and turn the case over to the jury of ten men and two women.

Estes' financial empire collapsed a year ago, causing reverberations in Washington and Wall Street. He was arrested last March 29.

The trial here revolves about charges that he bilked (1) persons who borrowed about \$24 million through notes on bogus farm fertilizer tanks, and (2) a dozen finance companies which bought the discounted mortgages, since found to be unsecured.

## In Service

Jerome E. Bernier, commissaryman third class, USN, and James E. Bernier, engineman third class, USN, sons of Mr. and Mrs. E. J. Bernier of 1329 S. 2nd St., Escanaba, were promoted to the present rank while serving aboard the destroyer USS Shields a Pacific Fleet ship homeported in San Diego, Calif. The promotion, which was effective Nov. 16, 1962, was the result of successful participation in the Navywide competitive rating examinations given in August. The certificate of advancement was presented by Navy Captain R. L. Wessel, commanding officer of the Shields, during personnel inspection aboard ship Feb. 1.

Airman Second Class Jim R. Warren of Escanaba was a member of the United States Air Force basketball team chosen to play in the opening game of the recent International Fair Basketball Tournament at Tripoli, Libya near this base.

Airman Warren's team competed against teams from Libya, Morocco, Lebanon and the United Arab Republic. The tournament officially opened the million dollar Tripoli Sports Arena.

The airman, son of Mrs. Joe McKnight of 34 Coming St., Charleston, S. C., is a warehousing specialist assigned to the 7272nd Air Base Wing here.

Airman Warren is married to the former Darlene R. Blau of 301 N. 15th St., Escanaba. He attended Cedartown (Ga.) High School and entered the service in March 1960.

## Tax Collections Cost 450 Million

By SAM DAWSON  
AP Business News Analyst  
NEW YORK (AP)—If you're figuring your income tax return this weekend it may be little consolation to you, but—

The Internal Revenue Service says the higher the collections climb, the lower the cost of the collection per dollar.

Well, the total collected is getting mighty high. And the bulk comes through voluntary compliance. IRS says that's the main reason it can hold collection costs down.

If you didn't make out those forms voluntarily and if your employer didn't do the withholding routine, costs would soar.

**Salaries Biggest Item**  
With one thing and another, it now costs around 45 cents for each \$100 the taxpayers shell out.

To put that into the big figures the U. S. Treasury is accustomed to: In fiscal 1962 collections came to \$99,440,839,245 and the operating outlay of the IRS was \$450,080,420.

Biggest cost item was salaries for the 56,510 employees—3,357 in national headquarters and 53,153 in the field. Congress has authorized hiring 2,790 more this fiscal year, to make more audits, mathematical checks, tax fraud investigations and check-ups on the minority who don't file. The 20 per cent of costs not accounted for by salaries goes for tax forms, office rental, equipment and furniture—and travel expenses. IRS says mechanical handling of returns is cutting costs and soon will make still greater inroads.

In fiscal 1962 taxes on income brought in \$71.9 billion, almost two-thirds of that from individuals and the rest from corporations. Estate and gift taxes added \$2 billion, employment taxes \$12.8 billion, with alcohol accounting for \$3.3 billion and tobacco \$2 billion.

**Service 100 Years Old**  
Mortimer M. Caplin, internal revenue commissioner, in a foreword to the book, "The American Way In Taxation," stresses IRS programs aimed at attaining still higher levels of voluntary compliance. The book, by Lillian Doris, published by Prentice-Hall, celebrates the 100th birthday of the IRS.

While the federal government gets 72 per cent of its revenue from levies on individual and corporate incomes, state and local governments have many other routes to the taxpayer's pocket.

In fiscal 1961 state governments collected \$19 billion, and Miss Doris lists the sources in order of their returns: general sales, use or gross receipts taxes; motor vehicle fuel sales; individual and corporate incomes; motor vehicle taxes and licenses; alcoholic beverage sales taxes and licenses; tobacco production sales levies; property, severance, death and gift taxes; and also unemployment compensation levies.

So that federal income return you're sweating out isn't the end of the tax business—as if you didn't know.

## Second Toxic Can Of Tuna Found In Saratoga, Calif.

BERKELEY, Calif. (AP) — A second toxic can of tuna from the same pack suspected of causing the deaths of two Detroit women was found on a grocery shelf in Saratoga, Calif., the state department of health reports.

Dr. Malcolm H. Merrill, department director, said a toxic substance resembling botulism was detected in the spoiled and swollen tin found on the California store's shelf.

Both the Detroit tuna tin and the Saratoga can were processed by the Washington Packing Corp. in the same day's pack of chunk light meat Japanese tuna last Jan. 8.

The A&P food store chain withdrew all of its own brand of tuna from its stores following a finding of type E botulism, a rare seafood poisoning, in the tuna can after the two Detroit deaths.

Dr. Merrill said all Trastewel brand tuna packed by the Washington firm in San Francisco was being recalled from about 1,500 independent groceries in northern California where the brand is marketed. Other packers process for the same brand and their product is not being recalled.

## North Central Has Record Profit

Hal N. Carr, North Central Airlines president, announces the company earned a net profit of \$534,000 on record revenues of \$27,160,000 in 1962. "This is the largest profit in our 15-year history," Carr said.

The carrier also continued to lead the nation's 13 regional airlines in volume of passengers and cargo carried during the year.

North Central carried 1,123,393 passengers and cargo volume increased 13 per cent over 1961 to 25,346,000 pounds.

The airline serves 90 cities in 10 states and Canada over a 7,000-mile route system.

## Personals

Mrs. Ernest Maisonneuve, 112 S. 5th St., returned from Norway where she spent the past two months with her daughter, Mrs. Anthony Schafer Jr., and family.

**ALL-OVER PERFUME**  
The proper use of perfume can be a tip-toe proposition. For greater effect, apply perfume more than once during the day to pulse spots such as at the temples, throat, wrists and behind the knees. While in the process, touch your hair with your favorite fragrance, because your hair will hold the scent.

Company Brunch—Serve Raisin Topknots made from the French cuisine's brioche dough. They're mighty good eating.

By CECILY BROWNSTONE  
Associated Press Food Editor  
Cooks keep right on being interested in learning to make the best dishes of other countries. Latest evidence: two universities in New York with colleges offering home economics classes are instituting courses in foreign cuisine.

If you've had some experience in yeast baking, you can use the following recipe and turn out a batch of Raisin Topknots made from brioche dough. Brioche is the cakelike bun that turns up for breakfast in France with cafe au lait. Serve these Topknots with sweet butter if you want to follow the French all the way.

If you have never baked with yeast, find a neighbor or friend whose culinary repertoire includes this art. Invite her (or him) to a kitchen party. Have all the ingredients needed for this brioche dough on hand, and go to work.

Watch how the skilled baker makes sure he has the water the right temperature for dissolving the yeast. Note that when milk is scalded, bubbles appear at the edge and a film shows up across

the top. (It's a good idea to scald the small amount of milk called for in this recipe in a metal 1-cup measure over low heat—we use a measuring cup with a long handle.)

Note, too, that all the beating for this dough is done with a spoon—and we hope you have the wooden variety. Learn how to knead and shape the dough from your experienced baker.

Although these Raisin Topknots are not the richest briochees we have ever tasted, they do have characteristic brioche flavor. If you bake the Topknots some hours ahead of serving, you can reheat or serve them cold. They're great for Saturday or Sunday brunch with good old American ham and eggs.

### Raisin Topknots

1 package active dry yeast  
1/4 cup warm water  
1/4 cup milk (scalded and cooled)  
3 tablespoons sugar  
1/2 teaspoon salt  
2 3/4 cups sifted flour  
1 whole egg  
2 egg yolks  
1/2 cup butter or margarine (soft)  
2 1/2 cup seedless raisins (halved)  
1 teaspoon grated lemon rind  
Egg wash

Sprinkle the yeast over the warm water in a warm bowl; stir to dissolve; stir in the scalded and cooled milk, sugar and salt. Add 1 cup of the flour and with a spoon beat until smooth; beat in the whole egg, egg yolks and butter. Add remaining flour, mixing to a moderately stiff dough. Knead on a lightly floured board or prepared pastry cloth until satin-smooth. Cover and let rise in a warm place until double in size, about 1 1/2 hours. Pat out dough to about 1/2-inch thickness, sprinkle with raisins and lemon rind. Cut into 24 equal-size pieces; shape 18 of the pieces into balls; place in greased individual fluted brioche or muffin pans (with wells about 2 3/4 inches across top and 1 inch deep). Make a deep indentation in the center of each ball. Cut each of the remaining 6 pieces of dough into three parts; form into balls and place in indentations, pressing well into dough. Cover and let rise until double in size, about 30 to 40 minutes. Brush tops with egg wash (1 egg yolk beaten with 1 teaspoon cream). Bake in a hot (400 degrees) oven until a deep golden brown—12 to 15 minutes. Makes 1 1/2 dozen. Serve hot.

## Births

**GORZINSKI** — Mr. and Mrs. John C. Gorzinski, 617 N. 19th St., are the parents of a daughter, Patricia Lee, born at St. Francis Hospital March 23 at 4:30 p.m. The infant, fourth child in the family, weighed 6 pounds and 3 ounces. The mother is the former Rose Mary Samodral.

**LORENZ** — The Rev. and Mrs. Harry J. Lorenz Jr., 1525 Minneapolis Ave., Gladstone, are the parents of a son, Peter Burton, who weighed 8 pounds at birth March 23 at 9:30 p.m. at St. Francis Hospital. The infant is their fourth child. Mrs. Lorenz is the former Betty Knapp.

**MONHEAD** — A daughter, Rose Marie, is the third child of Mr. and Mrs. Albert W. Monhead of 217 S. 10th St. The infant, who weighed 8 pounds and 6 ounces, was born at St. Francis Hospital March 24 at 5:10 a.m. Viola Willis is the mother's maiden name.

**POPOUR** — Mr. and Mrs. Eugene C. Popour, Gladstone Rte. 1, are the parents of a daughter, Claudia, their first child, born at St. Francis Hospital March 24 at 8:43 a.m. The infant's weight was 9 pounds and 4 ounces. Mrs. Popour was Clara Corwin before her marriage.

**OSTMAN** — Mr. and Mrs. John Ostman of Kalamazoo welcomed their first child Sunday, March 24, a daughter, Ann, who weighed 8 pounds and 8 ounces at birth. Mrs. Ostman is the former Sandra Timmerman of Kalamazoo and the baby's father is a son of Mr. and Mrs. Stanley Ostman of Escanaba.

## Bark River WSCS Meets Wednesday

The W.S.C.S. of Bark River Methodist Church will meet in the church March 27 at 7:45 p.m. The League of Women Voters will present a skit on the proposed new constitution and Russell Honeywell, a missionary in the Philippines will give a talk on his mission field, illustrated with colored slides. The public is invited to attend the meeting. Mrs. Rudolph Dahlberg and Mrs. Clara Peterson are hostesses.

## Richard Pardons Adopt Daughter

Mr. and Mrs. Richard Pardon, 416 S. 9th St., announce the adoption of a girl, Lisa Ann, who was born Jan. 3 of this year. Lisa Ann is the first child in the family. Mrs. Pardon is the former Betty Larson of Iron Mountain.

## Information On Class Of 1913

### Members Sought

In connection with tentative plans for a 50-year reunion of Escanaba High School graduating class of 1913, information is being sought on the following members of the class:

Edwin Dahl Green, Irene Devine, Alverna Gauthier, Irene Hale, Lee Hofmann, Mabel Kessler, Nora Mallette, Irene Nelson, Mabel Ray, Fern Roland, Kenneth Rowells, Samuel Salinsky. Those able to assist are asked to call Miss Esther Palmer, ST 6-2403 or ST 6-2087.

The Escanaba Daily Press has expanded its circulation to the Newberry area. This means 200 more subscribers with more to come. This is valuable additional coverage to Press advertisers.

## Bridge League Session At Elks

Regular session of the Elks Duplicate Bridge League was held Sunday afternoon in the Elks Club lounge with the following pairs scoring 50 per cent or over: 1. # Houghton And Negaunee Lose Cage Finals, 59-58

## Rouge Gets 3rd Class B Title

By BERNIE KENNEDY  
Associated Press Sports Writer

An old familiar name and three brand new ones were added to the list of Michigan high school basketball champions Saturday.

Ferndale (22-0) copped the Class A title with a 76-58 triumph over Adrian; River Rouge (25-1) took its third straight Class B crown by downing Hudsonville 59-58; Christian 59-49; New Buffalo (20-3) rallied to nip Houghton 59-58 for the Class C title, and Britton-Macon (23-0) edged Negaunee St. Paul 59-58 in the Class D finale.

Only River Rouge had ever won before, and it could be its last season as a Class B power. The enrollment at the suburban Detroit school is just under the 900 needed for Class A classification, and the Panthers could be playing in the higher class come tournament time next year.

The three-season finals at the Jensen Fieldhouse on the Michigan State University campus attracted 37,161 fans. The Class A final was also televised by a seven station statewide network.

Ferndale's easy victory in the final game of the day followed three straight one-point decisions by the Eagles. Adrian, meanwhile, had a couple of two-point triumphs, plus a surprising 59-58 semifinal victory over previously unbeaten Saginaw Arthur Hill, in its trip to the championship contest.

Ferndale's rebounding ability and better all-around play decided the Class A contest. Adrian jumped to a 6-2 lead at the start, but Ferndale scored 12 straight points to take a 14-6 lead and was never headed.

Bruce Rodwan topped all scorers with 25 points and also picked off 20 rebounds. Truman McNeal added 14 points to the Ferndale total and Bob Falardeau 13. Falardeau also had 15 rebounds as the Eagles held a 65-38 edge on the boards.

Save Rymal netted 15 points for the losers.

River Rouge was something less than its usual powerful self in topping Hudsonville 59-58. The Panthers played the entire game without substituting — a rare feat for a River Rouge team — and made numerous mistakes.

Houghton Starts Strong  
But Unity, the pride of western Michigan, failed to take advantage of Rouge's mistakes and had to settle for the runner-up trophy.

Unheralded Larry Brazon collected 14 rebounds and 15 points to spearhead the River Rouge attack. Bill Dunson had one more point than Brazon and copped game scoring honors.

Jerry Terpstra collected 15 of Unity's points, while Doug Oosten dorp snatched the most rebounds, 14.

New Buffalo overcame an incredible shooting performance by Houghton in the first half, and took the lead for the first time with 50 seconds to go in the Class C final.

Houghton held a 19-5 first period lead, and moved to a 25-7 advantage early in the second quarter.

Glenn Mankowski knotted the score at 56-56 with 50 seconds to go and Jerry Kissman's layup after New Buffalo had stolen the ball put the Bisons ahead. An insurance free throw with 15 seconds remaining iced the victory.

Kissman finished with 26 points and 20 rebounds, while Mankowski added 16 points. Houghton, which ran into foul trouble in the final period, was paced by Don Stipech's 14 points and Chuck Noetzel's 13. Noetzel also had 14 rebounds in the close contest.

Height Is Advantage  
A rangy Britton-Macon team was forced to use every inch of its height advantage to capture the Class D title.

St. Paul held a 30-29 halftime edge and opened its widest lead at 38-31 in the third period. Phil Benedict, Britton's 6-foot-8 scoring leader then started Britton on its comeback with 2 quick buckets.

Tom Komon's basket with 51 seconds left knotted the score at 54-54. Four seconds later, Fred McCrate tallied the decisive basket and Britton had its title.

Benedict, who played the entire second half with four fouls, finished with 26 points and 17 rebounds. Komon and Pepper Griewahn each added 11 points.

Rod Guizzetti and Dom Jacobetti paced St. Paul with 22 and 20 points respectively.

Britton held a 68-37 rebounding

edge. But the sharpshooting Emeralds did the better shooting percentage, hitting 21 of 48 shots for 44 per cent, to 27 of 80, 34 per cent, for the new Class D kings.

Britton's championship was the first stage cage title ever won by a Lenawee County team. Adrian is also in Lenawee County.

JACOBETTI PICKED  
EAST LANSING (AP)—The four new Michigan High School basketball champions each placed one man on the Associated Press All-Tournament Team.

The first team:  
Bruce Rodwan of Class A champion Ferndale, Larry Brazon of Class B champion River Rouge, Jerry Kissman of Class C champion New Buffalo, Phil Benedict of Class D champion Britton-Macon and Dom Jacobetti of Class D runner-up Negaunee St. Paul.

The second team:  
Glenn Mankowski, New Buffalo; Jeff Hicks, Ferndale; Billy Dunson, River Rouge; Joe Hubbard, Adrian, and Jerry Terpstra, Hudsonville Unity Christian.

## Title Bout Fatal To Davey Moore

LOS ANGELES (AP) — Davey Moore, a colorful ring champion for nearly four years, died today of injuries received in the fight last Thursday that cost him his world featherweight title.

Moore lapsed into a coma shortly after his bout with Sugar Ramos and never regained consciousness.

Moore's wife, Geraldine, 26, had maintained a bedside vigil in the hospital much of the time. She had become exhausted and was resting in a nearby room when death came at 2:20 a.m.

A hospital bulletin said only doctors and nurses were present when the fighter succumbed to brain damage.

Cuban Boxer Prays  
Ironically, Moore, 29, gave up his title and his life—in the city of his greatest triumph. It was here that he won the featherweight crown from Hogan (Kid) Bassey of Nigeria in 1959.

Ramos, the new champion, sobbed in an apologetic meeting with Mrs. Moore Sunday. The Cuban-born boxer, a Mexico City resident, told Mrs. Moore how sorry he was and said that he was "praying every night" for the recovery of his opponent in the tragic bout.

Mrs. Moore expressed confidence that her husband would be all right.

A late evening bulletin from the doctors seemed to give her added reason for hope. Moore's pulse, temperature and blood pressure all had shown improvement.

But the fighter's condition worsened during the night. The first bulletin of the morning said Moore's pulse was irregular and described his general condition as deteriorating.

Condemed In California  
Sunday, Pope John XXIII called the sport of boxing barbaric and "contrary to natural principles." At Lenten services in Ostia, Italy, the pontiff declared: "Christ engaged in neither boxing nor politics."

California Gov. Edmund G. Brown has expressed similar opposition to the sport and has called for its banishment in the state.

Moore was knocked out by Ramos in the 10th round. But doctors said Sunday that Moore probably suffered most of the damage to his brain when the back of his head struck the lower strand of the ring ropes after he was knocked off his feet in the 10th.

They said the punches he took early in the fight had a cumulative

## Stan Williams New Yank Star

By BOB GREEN  
Associated Press Sports Writer

If the 1962 New York Yankees had a fault, a weakness, it was lack of pitching depth. It wasn't enough to keep them from winning the World Series, but that was the flaw the experts pointed out.

So the Yanks went out and got themselves a pitcher.

So the rest of the American League, as usual, had better look a little bit out.

Stan Williams, a hulking right-hander counted on by the Yanks to become their fourth regular starting pitcher, turned in one of the better jobs of the spring exhibition season Sunday, allowing only a single hit and but three base-runners in a six-inning pitch chore.

Young Jim Bouton finished up the last three innings at Fort Lauderdale, Fla., preserving the one-hitter and helping the Yankees to a 3-0 victory over their cross-town National League rivals, the Mets.

The Los Angeles Dodgers also got a solid pitching job out of Johnny Podres. The 30-year-old lefty became the first Dodger to go nine innings in a six-hit, 6-1 triumph over Baltimore at Miami. Podres struck out nine and walked three.

In other games, Milwaukee whipped St. Louis 8-4 at St. Petersburg. Bernie Allen's single drove in the winning run in Minnesota's 4-3 12-inning victory over Philadelphia at Orlando. Kansas City edged Washington 6-5 at Bradenton, the Chicago White Sox edged Detroit 6-5 in 10 innings at Sarasota, Pittsburgh blasted Cincinnati 11-3 at Tampa, Cleveland beat Boston 7-4 at Scottsdale, Ariz., the Los Angeles Angels came from behind and beat Houston 6-5 at Las Vegas and San Francisco whipped the Chicago Cubs 11-6 at Phoenix.

Williams, 6-foot-4 and 230 pounds, came to the Yanks from the Dodgers in exchange for first baseman Bill Skowron. The 26-year-old hurler had a 14-12 record with Los Angeles last season and is expected to join Whitey Ford, Ralph Terry and Bill Stafford as the Yankees big four.

Leading money winners:  
Dan Sikes, \$9,000 76-70-67-70—283  
Sam Snead, \$4,600 71-69-73-71—284

## Lions Open 1963 Season Sept. 14

DETROIT (AP) — The Detroit Lions open their 1963 National Football League championship bid at Los Angeles Sept. 14 in their first season's opener on the West Coast since 1949.

The home opener on the Lions' 14-game NFL schedule will be Sept. 29 against the Chicago Bears.

The traditional Detroit-Green Bay Packers Thanksgiving Day game at Tiger Stadium has been retained this year despite the protests of the champion Packers.

Putt Wins \$9,000 For Dan Sikes

MIAMI, Fla. (AP)—Dan Sikes plans to start a law career when he is through with golf, but the time when he will make the switch became more remote after he won the Doral Open's \$9,000 top prize Sunday in a stretch duel with the veteran Sam Snead.

The victory, his first in two years on the tour, won him a spot in the Masters at Augusta, Ga. He had sunk a 6-foot putt on the final hole to win the tournament and keep the hard-pressed 50-year-old Snead from forcing him into an 18-hole playoff.

"Was that just a 6-footer?" he asked. "Boy, it looked like 20 feet."

Sikes, a 6-foot-1, 170-pounder shot a 2-under-par 70 on his final round for a 72-hole total of 283. The aging Snead, limping on a sore foot, fired a 71 for 284 and second prize money of \$4,800.

Paul Harney, third round co-leader, and others faded on the last nine holes as Sikes and Snead fought it out down to the wire. Professional golf's big names, Arnold Palmer 290, and Gary Player, 293, were stymied by the tight 7,028-yard course and tricky winds.

The 32-year-old Sikes actually won on the 10th when he curved a drive around the corner of a lake, dropped an 8 iron shot 15 feet from the pin and sank his putt for an eagle that put him three strokes ahead.

Sikes, who captained the University of Florida golf team in 1951 and won the Army championship in 1955 and the National Public Links tournament in 1958, has a law degree from Florida.

## New Pole Vault Mark Is 16-3

MONROE, La. (AP)—John Pennel, who raised the world pole vault record to 16 feet, 3 inches, today owes his success to a borrowed fiberglass pole and movies.

The 23-year-old Northeast Louisiana State senior cleared the height with room to spare on his second attempt at the Memphis Relays Saturday.

Pennel made three unsuccessful attempts at 16-7. He barely brushed off the bar with his chest orce.

His record vault was one-half inch higher than the world outdoor mark set last June by Penni Nikola of Finland.

Other vaults have gone higher indoors—Nikola has done 16-8 $\frac{3}{4}$ —but such marks are not recognized as world marks because only the United States has extensive indoor competition.

Pennel of Miami, Fla., said he broke his favorite pole in practice. He and his coach were unable to find another fiberglass pole of the same weight.

At the last minute, Pennel said they called Rice University and borrowed one. He had time to work out with it only once.

Pennel said Tommy Edmondson, another Northeast vaulter, took movies of him. Pennel noticed he was knocking the bar off because he wasn't getting his feet high enough into the air.

He started changing his style—"rocking back more on takeoffs."

SEBRING, Fla. (AP)—The Ferraris, like Romans thousands of years ago, came, saw, and conquered everything thrown at them in the Sebring 12-hour Endurance automobile race.

A big, blood-red screaming 12-cylinder speedster, driven 209 laps by John Surtees, a 28-year-old English motorcycle racing champion, and Lotovito Scarfiotti of Italy, led the Ferrari parade over the finish line Saturday.

Six of the 11 Ferrari entries finished in the first six positions. They won the prototype category, the grand touring class and took the first four places in the index of performance classification.

Of the 65 cars entered, 39 finished. Only two Ferraris failed to make the full 12 hours around the 5.2 mile airport course. One was retired with a split gas tank and the other with a broken suspension.

Surtees and Lotovito were driving a competitively untried car—a 3 liter rear engine experimental model which averaged 90.3 miles per hour.

# Third-Rank Loyola Upsets Cincinnati Champs, 60-58

By DON WEISS  
Associated Press Sports Writer  
LOUISVILLE (AP) — Memo to the nation's college basketball coaches:

If you want to win the national collegiate championship, play well but not quite well enough to earn the No. 1 rating. 2. Coach well but not quite impressively enough to be named Coach of the Year. That's what George Ireland and the Loyola of Chicago Ramblers did.

Loyola's heart-thumping 60-58 overtime victory over two-year champion Cincinnati Saturday night extended the failure of the nation's top-ranking teams to six straight years.

Not since unbeaten North Carolina survived a triple overtime battle with second-ranked Kansas in the classic finals of 1957 has the No. 1 ranked team wound up with the championship.

Now third-ranked Loyola has the crown in a season when Cincinnati was the overwhelming choice from start to finish.

If that doesn't indicate enough of a jinx, then figure this. In both 1961 and 1962, Ohio State's Fred Taylor had already made his thank-you speech as Coach of the Year when Cincinnati and Ed Jucker knocked him away from the championship. This time, the voters took the hint. Jucker is the Coach of the Year and Ireland of Loyola is the champ.

It has got to the stage where the stock picture in the championship dressing room is a group shot of the various lesser-ranked teams pointing to the ceiling yelling: "We're No. 1", while the kids and the coach who were so ranked uttered something like: "That's basketball."

It was all of that last weekend here at Freedom Hall when a tap-in by 6-foot-6 Vic Rouse as time ran out brought the Loyola Ramblers their first national championship in their first NCAA appearance.

# Wings Beat Leafs, Howe Gets Title

DETROIT (AP) — Gordie Howe and the Detroit Red Wings finished the National Hockey League season in a blaze of glory with a 3-2 victory over league champion Toronto.

Howe won an unprecedented sixth NHL scoring championship Sunday night, scoring his 38th goal and assisting on another.

Howe, who will be 35 Sunday, finished his 17th season with 38 goals and 48 assists. He picked up 54 points in the second half of the season and scored at least one point in his last 16 games.

The Wing star will collect \$1,500 in bonuses for the scoring title. No other player has won it more than twice.

The Wings, who wound up No. 4 in the NHL, now are setting their sights for the opener of the Stanley Cup playoffs at Chicago Tuesday night. The Wings knocked Chicago out of the running for first place with two straight victories last week.

Detroit jumped to a 3-0 lead over the Maple Leafs before a standing room crowd of 14,320 fans in Olympia. Then the Wings had to come up with brilliant goal tending by Terry Sawchuk to hold off Toronto as the Leafs scored 15 seconds apart early in the second period.

Parker Macdonald scored his 33rd goal for Detroit during a power play at 7:36 of the first period and Eddie Joyal netted his second seven minutes later.

Rookie Joyal was called up

from Pittsburgh for the weekend and had a hand in all three Detroit goals.

Howe scored the eventual winner at 1:33 of the second period when he deflected Macdonald's high shot into the net. It gave him 540 career goals, four short of Maurice Richard's record.

Eddie Litzenger and Tim Horton scored at 4:19 and 4:34 but the Leafs couldn't penetrate Sawchuk the rest of the way.

## Larry Osborne Sold By Tigers

POMPAHO BEACH, Fla. (AP) — The Detroit Tigers sold Larry Osborne, 27-year-old utility player, to the Washington Senators Saturday for an undisclosed amount of cash and a minor league player to be named later.

Osborne, a left-handed hitter, played 234 games for Detroit over five years and had a .200 batting average.

## They'll Do It Every Time

Now get this straight! Our living comes from MADDISON, BATTERSON, TATTERSON, AND TWITTER. THEY GOT THE MAMMY ACCOUNT RIGHT? YOU'RE GOING TO BUY MAMMY PRODUCTS OR ELSE! HEAR!

HE WORKS FOR AN AD AGENCY—THE LITTLE WOMEN HAS TO BUY EVERYTHING HE PEDDLES TATTERSON, AND ANOTHER MARRIAGE STRAINS ON THE NOOSE!

IF HIS OUTFIT HANDLES MENNA RINSE SHE'S A TERRIBLE WALKING AD FOR IT...

IF THEY DO SPLIT UP WHO GETS CUSTODY OF LAVENDER STAMPS?

8-8-BUT... I DON'T LIKE MAMMY'S PANCAKE FLOUR! I'VE BEEN USING PURO EVER SINCE I FIRST LEARNED TO COOK! WHO ARE YOU TO TELL ME?

# Detroit Aims For Dash Record

TEMPE, Ariz. (AP) — Henry Carr of Arizona State University has twice broken the world record for the 220-yard dash around a full turn. Now he wants to better the 100-yard dash mark.

"If my start improves, I feel I can hit 9.2 seconds in the 100 and go .09.3 consistently," he said Sunday while reviewing his record shattering 220 performances. The 100 standard is .09.2.

The fast striding Detroit, Mich., sophomore's coach, Senon (Baldy) Castillo, agrees.

"He has the ability, all he needs to do is improve his start," Castillo said, adding the same applies to the 6-foot-3, 200-pound athlete's 220 efforts.

Last Tuesday, long-striding Henry did the 220 in :20.4 against the University of Utah. This was one-tenth second faster than the previous world best, :20.5 by Stone Johnson of Grambling, La., College; Paul Drayton, Villanova, and Ray Norton, Santa Clara Valley, Calif., Youth Village.

Then in a triangular meet Saturday with the University of Southern California and the University of Arizona, the amazing speedster did :20.3.

## NAMED FOR PARENTS

FORT MYERS, Fla. (P)—Wilver (Willie) Stargell, rookie first baseman with the Pirates this spring, says he got his first name because his father's name is William and his mother's is Vernel.

# Weak Dollar Would Help Reds Most: Harnischfeger

Walter Harnischfeger

Walter Harnischfeger, chairman of the board of the Harnischfeger Corp., Milwaukee, and honorary chairman of the Citizens Foreign Aid Committee, continued his effort to restrict U. S. foreign aid in an appearance before the Committee to Strengthen the Security of the Free World recently.

Harnischfeger said: "For 45 years I have been in intimate contact with the builders of highways, dams, irrigation projects and mining companies throughout the world. Many of these developments are in underdeveloped countries. My work, I believe, has qualified me to judge some of the problems in underdeveloped areas.

"Our government has undertaken a fantastic program of endeavoring, in a decade, to build a backward economy into a sound one with a high standard of living. In my opinion, this time element alone is one of the fallacies inherent in our aid program.

"The Citizens Foreign Aid Committee, which opposes our government's fantastic 'give-away' program, consists of 47 outstanding Americans. In 1959 we published our first report. It recommended: Liquidation of the aid program in 3 years. A gradual take-over of the aid program by the Department of Commerce and its commercial attaches, which, together with American free enterprise, could easily establish sound foreign trade. Funds available from the aid agency to be re-screened and used to re-insure American credits. Return to the U. S. of a substantial part of our overseas troops. Insistence that our industrial allies carry their proportionate share of their own defense costs.

"Not Facing Deficit

"If these recommendations had been adopted in 1959, we would not now find ourselves facing chronic deficit spending, chronic unfavorable balances of payments, with resulting flight of gold. Our economy is in an extremely serious condition. Unless it is brought under control, an international fiscal crisis is inevitable. This crisis will have an impact on our economy approaching in severity the 1932 crash.

"It is of paramount importance that the U. S. substantially

reduce its overseas forces and materially reduce the more than \$6 billion which it spends overseas annually. Three billion of this \$6 billion is being spent by and for our overseas troops. Much of our overseas military strength is there because our allies are extremely reluctant to increase their present modest defense expenditures.

"Our proportionate costs for defense are 150 per cent greater than Western Germany and Italy, 100 per cent more than that of Canada, and between 50 and 60 per cent more than that of France or the United Kingdom. If we were to reduce our defense burden to the level nearest ours (the United Kingdom) we would release \$15 billion in taxes for civilian needs and pursuits.

"Is defense a stimulant? What utter nonsense! Defense is not a stimulant, it is a cost. We get little in economic return from defense spending. If defense were less the consumer would have more.

Leftist Programs

"Many of our aid problems emanate from leftist programs out of our State Department. In many instances these programs socialize the recipients; all too frequently they underwrite Communist governments. Within limits which the government can afford we endorse a sound lending policy and the reinsurance of private loans. Such loans, carefully screened, are preferable to doing out huge sums and loose political loans through aid agencies.

"Many government loans have been poorly appraised. In Africa we have financed new coffee plantations when there is overproduction in the world. The result is deterioration of the currency in Latin American countries where coffee is the principal source of income.

"Some 11,000 people are engaged in overseas aid work. Many are inexperienced, most are unfamiliar with the area and people to which they are assigned. Part of their work is to dream up projects to recreate the world on a sort of internationally planned socialistic economy. This in turn is promoting the competition of foreign state enterprises with American private enterprise.

\$110 Billions of Aid

"To date, including interest on the money we have borrowed to give away, we have spent over \$110 billion for foreign 'give-away.' This represents more than one-third of our total national debt. Since foreign aid began, federal government overseas expenditures have consistently run

# Machines To Train New York Workers Idled By Machines

NEW YORK (AP)—New York City plans to use automation to fight the effects of automation.

James J. McFadden, acting city labor commissioner, said Sunday night that automatic teaching machines will be used soon to train workers whose job skills have been eliminated or threatened by increasing industrial automation.

Initially the machines will be used to train 500 workers as electronic technicians, McFadden said on a taped television show.

# India Watching Red China By Air

DARJEELING, India (AP) — India reportedly is carrying out photo reconnaissance, some presumably by Nationalist Chinese or American U-2 planes, along the border of Communist-occupied Tibet, to guard against another attack by Red China.

Informed sources expressed the belief that U-2 flights are originating either from U.S.-administered Okinawa, or from Formosa, where the Nationalist Chinese air force has some U-2s.

Prime Minister Nehru told India's Parliament on Saturday he had reliable information that the Chinese have moved more troops into Tibet and are building new roads.

# Khrushchev Fires Kazakh Ministers

MOSCOW (AP) — On Premier Khrushchev's orders, five Cabinet ministers in the central Asian Soviet Republic of Kazakhstan have been fired.

The action came in the wake of burgeoning charges of wide-scale corruption there and a drop in grain harvests, blamed on dishonesty and government bungling.

April 1 Election Issue:

# Local Tax Levy Power Extended

**By League of Women Voters**

Michigan's already good provisions concerning the government of cities and villages are strengthened under the proposed new constitution to be voted April 1.

Each city and village is granted the power to levy taxes other than property taxes, subject to limitations of the constitution and of law. This will allow cities and villages to lift some of the financial tax burden on property owners, if they so desire, but retains the right of the legislature to limit the kinds and amounts of taxes levied.

Certain restrictions found in the present constitution were made more flexible: The prohibition against cities and villages of under 25,000 operating transportation facilities was removed so that they could join in an area system. Sewage disposal facilities are added to the list of public services which cities may sell outside city limits.

Under the present constitution cities may not sell outside the city limits any more than 25 per cent

## Marshall Boy, 8, Perishes In Fire

**MARSHALL (AP)** — An 8-year-old boy, Ronald Steven Gordon, died Sunday in a fire which destroyed his one-story brick home on the northern outskirts of Marshall.

Ronald's parents, Mr. and Mrs. Kenneth Gordon, and a brother, Gerald, escaped, along with 10-year-old Bruce Grable, a neighbor who was spending the night with Ronald.

Bruce was overcome and also suffered first degree burns, but was reported in good condition at a hospital. He was snatched from the burning home by a Marshall policeman who broke a picture window and reached through for him.

## Queen Crowned

**KALKASKA (AP)**—Retha Gray, 18-year-old Kalkaska High School senior, was crowned Miss Kalkaska Saturday night. The 5-foot-1 blue-eyed, blonde daughter of Mr. and Mrs. Oran Gray of Fife Lake will compete here April 6 in the National Trout Queen contest.

## Marilyn Monroe Feature Patchy

**By CYNTHIA LOWRY**  
**AP Television-Radio Writer**  
**NEW YORK (AP)** — Marilyn Monroe died tragically last summer, leaving behind a legend of glamor and a history of unhappiness.

Sunday night, ABC broadcast the first of several television and film biographies of the blonde beauty which are in preparation. It was not a noteworthy job—a string of newsreel clips, a lot of still photographs, a few bits from old movies and a fuzzy kinescope from a "Person to Person" interview, glued together by a sticky, adjective-laden script narrated soulfully by Mike Wallace. It was a highly superficial treatment.

Sunday night's NBC drama, "Diamond Fever", was an old-fashioned thriller about a sinister master jewel thief with his eye on the million-dollar Hartwick diamonds. He didn't get them, of course, even if he was Peter Lorre. The good diamond cutter's bad brother tipped off the cops.

What made the show a little different was a sub-plot about whether the good diamond cutter could cleave an uncut stone without shattering it. Mostly, however, it was a lot of rushing around and very little suspense.

Human stars come and go on television. But the animals seem to go on forever.

"Lassie" has now been renewed for its 10th season on CBS—continuing a remarkable family-type show in which the child actors grow up and sometimes move away, but in which the canine heroine never changes from a young dog.

And let us not forget "Rin Tin Tin," which has been with us since the silent movie days and still is — during the children's hours on stations all over the country.

Recommended tonight: "Password," CBS, 10-10:30 (EST)—the popular game show moves to a new day and time period.

**STILL A SALOON**

**TUCSON, Ariz. (AP)**—A newcomer to Tucson found himself in trouble when he opened an old-fashioned bar here with the sign "Saloon" outside.

State liquor control agents descended on him, pointing out the word "saloon" is outlawed in Arizona to advertise a beer parlor.

After changing the sign to "Lounge," the man opened for business.

## Russia And U.S. To Start Talks On Berlin Soon

**WASHINGTON (AP)** — The United States and the Soviet Union will open new talks on Berlin soon, probably next week. But authorities here find nothing encouraging or reassuring in the prospect.

Soviet Premier Khrushchev appears to be caught in a severe Communist leadership crisis at present, and this is authoritatively interpreted to preclude any substantial moves for improvement in Soviet relations with the Western powers.

At best, as Washington now assesses the evidence, Khrushchev must mark time on major East-West issues. At worst, he may press unacceptable demands upon the West.

Internal difficulties and his continuing quarrel with Red Chinese leaders suggest the possibility that he might regard a new flareup in the long dispute over Berlin as a desirable diversion.

The U.S. Embassy in Moscow was informed by the foreign office earlier this week that the Soviet government would be ready to start the Berlin talks "in the near future."

The outlook now is that the initial talks will be held here between Secretary of State Dean Rusk and Ambassador Anatoly F. Dobrynin beginning by the end of next week.

U.S. officials are still puzzled by the Soviet purpose in starting up the talks again. The last round was concluded in October, just before the Cuban crisis erupted. Since that time the Soviets have not proposed any new ideas for a settlement although Khrushchev has spoken publicly about replacing the flags of the United States, Britain and France in West Berlin with the U.N. flag.

The State Department is not sure what Khrushchev means by this suggestion but believes his aim still is to put an end to the Western occupation rights in Berlin and make the city more vulnerable to Communist pressures.

If the suggestion is converted into a proposal it seems certain therefore to be rejected and there is no prospect that Khrushchev would be prepared to accept any Western proposals for a Berlin accord.

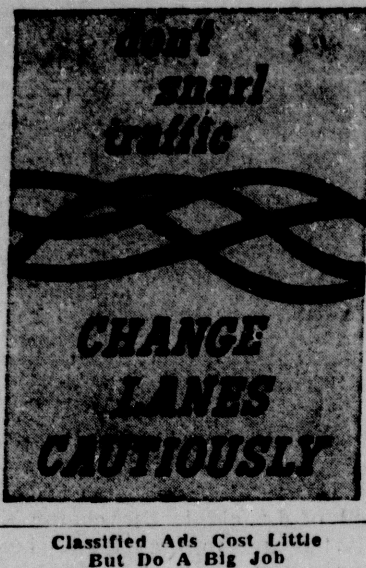

The U.S. attitude toward the talks has been shaped by the fact that since January Khrushchev

## Provost At MSU Taken By Death

**EAST LANSING (AP)** — Dr. Clifford Erickson, 55, who became provost at Michigan State University 16 months ago after serving as dean of MSU's College of Education, died of a heart attack Saturday.

Dr. Erickson was in the hospital for several days before he died. He had been following a harder line toward the United States and the West generally, with the evidence ranging from the breakdown of nuclear test ban negotiations to the way in which Soviet troops have recently been withdrawn from Cuba.

Khrushchev promised Kennedy in mid-February that several thousand would be taken out by mid-March and estimates in official Washington of the number to be withdrawn ran as high as 9,000. The best available information from authoritative sources here is that the number withdrawn up to last weekend was around 3,000.

## Australian Tour Of Queen No Flop

**LONDON (AP)**—A question is being asked in London which five years ago would have been unthinkable.

Has the queen's tour of Australia been a flop?

British papers, reporting smaller and perhaps less enthusiastic crowds than when Queen Elizabeth II last visited Australia in 1954, have asked the question. Australian papers answered with a resounding "no."

Everyone, probably even the queen and Prince Philip, agreed on one thing. The tour should have been shorter.
